Gov't allocates Sh4b for coffee farmers' advance payments

Cooperative and SMEs Development CS Simon Chelugui says that as part of the Government's commitment to boost coffee farming nationwide, farmers will now receive an advance payment totaling Sh. 80 per kilo

BY BERNARD MUNYAO AND PURITY MUGO(KNA)

Coffee farmers across the country have a reason to smile following the Government's move to allocate Sh. 4 billion to facilitate advance payment for coffee delivered to respective factories for processing.

Cooperative and SMEs Development Cabinet Secretary

Simon Chelugui (pictured) noted that as part of the government's commitment to boost coffee farming nationwide, farmers will now receive an advance payment totaling Sh. 80 per kilo.

Speaking in Murang'a, Chelugui explained that Sh. 40 will be paid immediately after farmers deliver their coffee to their primary fac-

tories, while another Sh. 40 will be paid when the coffee reaches the mills before marketing.

These payments will be executed through the New KPCU. He added that if the price of the coffee exceeds Sh. 80 per kilo, the excess money will be paid back to farmers

National tree planting drive gains momentum as leaders take charge

BY KNA TEAM

As various leaders, including cabinet secretaries and principal secretaries, led residents in tree-planting drives, the central message emphasized the urgent need for environmental conservation and management to mitigate the effects of climate change.

During a tree-planting campaign at Kodiaga prison in Kisumu, Cabinet Secretary for Public Service Moses Kuria urged all public servants to actively support the government's tree-planting agenda.

He reiterated the government's commitment to realizing the ambitious goal of planting 15 billion trees.

"We are responsible for something called performance contracting and delivery management; hence, the target assigned to every

department and ministry falls directly under the purview of my ministry. We will do everything to ensure that every state department and public officer honors this commitment," stated the CS.

Kuria called on all Kenyans to embrace the tree-planting initiative, emphasizing that environmental conservation is crucial for safeguarding lives and securing the future for upcoming generations.

"Kenyans must awaken to the realization that there is no other world but this, and the environment is the blanket that will protect all of us."

Therefore, we must all come together to ensure that we fulfill our responsibilities in advancing this environmental conserva-

as a bonus. Chelugui stated that the new regulations being employed by the government are meant to revive the coffee sub-sector, which has been performing poorly for many years due to infiltration by cartels.

"The cabinet passed a resolution to set aside Sh. 4 billion to boost payment of coffee. With this, we expect farmers to work towards increasing coffee production," said the CS.

"Coffee, especially in counties like Murang'a, used to thrive and support many livelihoods. However, in recent years, production has declined as some farmers abandoned the cash crop," Chelugui noted during a tree planting exercise in the area.

He mentioned that the Coffee Bill, currently before Parliament, is designed to introduce various strategies aimed at boosting coffee farming in the country.

"The Coffee Bill 2023 proposes reinstating the Coffee Board of Kenya and the Coffee Research Institute

Cooperative CS Simon Chelugui addressing Murang'a residents after a tree planting exercise. PHOTO: BERNARD MUNYAO

as semi-autonomous institutions. This will help in boosting coffee marketing and production through research," he added.

Regarding the dairy sector, Chelugui mentioned that his ministry is implementing various measures to avoid milk wastage during this time of high production.

"Due to conducive climatic conditions experienced in many parts of the country, milk production is high. We are taking interventions similar to what we are doing in the coffee sector to ensure no milk goes to

waste," noted the CS.

He added, "I have called for a meeting of stakeholders this week to discuss pricing and milk collection. We do not want any farmer to be desperate and pour down his or her milk due to a lack of markets. The meeting will resolve the best way of taking milk from farmers." He revealed that increased collection and storage of milk will ensure farmers are not exploited.

The county deputy governor, Stephen Munania, said the milk processing plant located in Maragua will be transferred to farmers.

National tree planting drive gains momentum with leaders in charge

tion agenda," noted Kuria.

In Uasin Gishu the exercise which was carried out successfully in various identified sites across the county kicked off concurrently with residents with the help of various stakeholders like Kenya Forest Service KFS, National Youth Service (NYS) Kenya Revenue Authority (KRA), National Environmental Management Authority (NEMA), KE-PHIS, Kenya Prisons, local political leaders among others who provided tree seedlings and managed to plant a total of 1,376,660 tree seedling both indigenous and exotic tree species.

Initially the county had set a target of a million seedlings to be planted on Monday November 13 and by Sunday November 12 had received a total of 976,660 seedlings from various stakeholders including county government and other government agencies.

In her speech at Kaimur

Wetland in Timbora Forest, Kesses Sub-County, where 45,000 indigenous and exotic trees were planted.

To the Principal Secretary in the State Department for Micro Small and Medium Enterprises (MSMEs) Development, Susan Mang'eni called on residents and other partners to embrace and invest in tree growing, noting that trees are an easy way of earning income without much struggle.

She urged parents to in-

clude their children in tree growing as a way of conserving the environment so that the children may grow up with the knowledge that trees are key components in preserving and protecting the environment.

The PS reiterated the need to sensitize and educate the members of the communities living in forest areas on the best way to live with the trees through taking care, protecting, and conserving trees.

ENGINEERS BOARD OF KENYA

TENDER NOTICE

The Engineers Board of Kenya invites interested and eligible bidders to submit sealed bids for the following:

No	Tender Reference No	Description of Tender	Eligibility	Tender Closing Date & Time
1	EBK/OP/001/2023-2024	Provision of Outside Catering services for a period of Two(2) Years Framework Contract	Open	6 th December, 2023 at 11.00am

TRUST SECRETARY

US pledges Sh1.6 billion to revitalize Kenya's pyrethrum industry

BY ANNE MWALE (KNA)

The US government has expressed its commitment to reviving the once vibrant pyrethrum sub-sector in Kenya by pledging to inject Sh1.6 billion into the industry.

The US Ambassador to Kenya, Ms. Margaret Whitman, stated that the construction of a modern pyrethrum processing facility in Naivasha Sub-County, costing Sh1.4 billion, is ongoing. She added that the Kentegra plant is projected to serve over 90,000 small-scale pyrethrum farmers.

Ms. Whitman emphasized that her government is eager to assist Kenya in reviving the sector, which collapsed in the 1990s due to massive corruption and

90,000

United States envoy Ms. Margaret Whitman (L) and Governor Susan Kihika compare notes at the County headquarters after an investment roundtable forum in Naivasha Sub-County. PHOTO: ANNE MWALE

mismanagement.

Speaking in Nakuru after being hosted by Governor Susan Kihika at an investment roundtable forum in Naivasha Sub-County, which brought together investors and companies from the United States seeking to

start businesses within the county, the ambassador praised the government's efforts in supporting investors. She noted that Kenya is poised to achieve a new industrialized status in the coming years.

"The United States, through Kentegra Lim-

ited, has invested heavily in pyrethrum and is currently engaging with 9,000 farmers, with plans to expand the number to 90,000 county-wide. Nakuru's location is ideal for investors to pitch in their businesses.

This forum, the first of its kind, is aimed at improving trade and investments, creating job opportunities for Nakuru residents and the Kenyan population at large," the envoy added.

Ms. Kihika termed the processing plant as a game-changer for hundreds of small-scale pyrethrum farmers. She reaffirmed her administration's commitment to increasing the land under pyrethrum farming from 7,000 acres to 10,000 acres in the next few years.

Ms Kihika singled out diseases, the rising cost of production, and inadequate seedlings as some of the challenges facing the sector, which her administration is doing all it can to address.

"In the 1990s, Kenya accounted for 80 per cent of global pyrethrum exports. However, this has reduced to five per cent, and we need to address this," Kihika said.

The Governor said her administration is keen to unlock the multi-billion-shilling potential in agriculture, health, water and sanitation, horticulture, and floriculture sectors, adding that to facilitate ease of doing business, plans for a single business permit are underway to create an investor-friendly environment. She said that her government is addressing the high demand for pyrethrum seedlings in the county.

"Pyrethrum is now the cheapest crop to grow, and it has transformed the lives of many people. We shall fully support its revival," Ms Kihika said.

The Governor expressed optimism that once the Kentegra plant is complete, it will create employment for tens of people and offer a ready market for their produce. "Kentegra becomes the first company to invest in the new Naivasha EPZ, and this will help in breaking the cycle of unemployment," she said.

Kentegra Biotechnology is set to receive Sh2.1 billion (USD 15 million) in equity and loan financing from Finnish development financier FinnFund.

KYEB releases YearBook 2023

BY AMON KIPYEGO (MYGOV)

The Kenya Yearbook Editorial Board (KYEB) has released the "Yearbook 2023", a publication that highlights government developments and initiatives.

The "Yearbook 2023" covers the country's transformation in all the sectors, including agriculture, education, tourism, mining and the blue economy, information and communication technology, health, and finance.

"In Kenya's pursuit of agricultural transformation, the emphasis lies on a bottom-up approach, particularly focusing on the welfare of smallholder farmers to ensure inclusivity in the nation's economic development," the book notes.

ICT is one of the major enablers of the country's transformation, with the government keen on developing a digital economy.

"Central to the government's digital agenda is the objective to transition 80 per cent of all its services online. Substantial progress has already been made, with over 5,000 services moved to the e-Citizen platform, spanning crucial sectors such as health, education, and transport," notes the book.

In the tourism sector, the book highlights the role of the industry in the bottom-up transformation by fostering economic growth and job creation. The book will be launched virtually.

**KASNEB FOUNDATION LOAN & BURSARY SCHEME
AND
HIGHER EDUCATION LOANS BOARD(HELB)
FIRST TIME AND SUBSEQUENT SCHEME APPLICATIONS
FINANCIAL YEAR 2023-2024**

The KASNEB Foundation in partnership with the Higher Education Loans Board (HELB) invites applications for the First Time and Subsequent Applications for the 2023-2024 KASNEB Foundation Loan & Bursary Scheme. The Scheme is open for all students pursuing KASNEB qualifications. The Scheme will cater for; KASNEB registration fees, annual registration renewal fees, examinations booking fees, exemption fees and tuition fees for eligible students.

Eligible students:

Students enrolled in approved KASNEB courses.

How to Apply:

A) First Time Application

- Before commencing application for the KASNEB Foundation Loan & Bursary Scheme, applicants **MUST** be registered on the Students' Portal on the KASNEB website.
- Applicants should visit the website www.hef.co.ke to access the application portal to register and activate account (ensure you use your personal mobile number registered under your name and ID number).
- When creating your profile, kindly ensure that you select that your level of study is "**Professional Course and Diploma**" & under Education Backgrounds indicate you're **not** admitted by KUCCPS.
- Click **Loan Application** and select;
 - KASNEB Foundation Loan and Bursary Application-Tuition fees only
 - KASNEB Foundation Loan and Bursary Application-KASNEB fees only

You can apply for KASNEB fees only, tuition fees only or both KASNEB fees and tuition.

- Access and fill the selected application form.
- Upon successful application and submission of the application online you will not be required to print and submit any physical application to us. (This is a paperless application)
- You will be enabled to track the processing status of your application on the application portal.

B) Subsequent Application

Eligible students:

Students enrolled in approved KASNEB courses and are applying for the second and subsequent student loan.

How to Apply:

- Download the HELB App from Google Play Store OR use USSD Code by dialing *642#
- Note that there has been an upgrade on the HELB App, therefore ensure to upgrade your App.

- Register using your phone number to generate a PIN which you will use to log in.

- Ensure the mobile number is registered under your name. **Please NOTE** that mobile numbers not registered in the student's name will not be able to proceed with the application.

- Read, understand, and click to accept the **license agreement**.

- Enter your first name as it appears on your national ID card, the ID number and valid email address to complete registration.

- Click on the "Loans" tab and choose "**Professional Course and Diploma**". Then click "apply" on the KASNEB Foundation Second and Subsequent Scheme.

- Click on get started to start the application process.

- Enter your phone number which should be registered in your name and national id number to verify that you are the owner of that number.

- Read and understand the loan terms and conditions and agree to proceed.

- Answer the financial literacy questions and scroll down to view results and click "**proceed**".

- Click request Loan to view and verify your Loan details.

- Click "**submit**" to complete the Loan application. A pop-up message will appear to show that you have successfully applied. The application serial number will also be displayed.

Please note:

This application is paperless. You are not required to print any form. A confirmation SMS with the application serial number is the evidence that you have applied. Kindly save the SMS for future reference.

At later dates, you will receive other notifications on awards and disbursements of the KASNEB Foundation Loan & Bursary Scheme.

#KaaChonjo HELB does not charge any fee to access the application, report any form of extortion to authorities.

The closing date for the 2023-2024 KASNEB Foundation Loan & Bursary Scheme First Time and Subsequent application is 30th June 2024

Government receives first shipment of 100 dryers to aid maize farmers

BY JOSEPH NG'ANG'A(KNA)

Agriculture and Livestock Development Cabinet Secretary Mithika Linturi has announced the arrival of the initial batch of 100 dryers, procured to assist farmers in drying their maize within maize-producing regions.

Linturi stated that the Ministry, in collaboration with the National Cereals and Produce Board (NCPB), has taken steps to reduce the cost of drying a 90-kilogram bag of maize from Sh300 to Sh70, alleviating the financial burden on farmers.

Speaking at the launch of the Kenya Dairy Industry Sustainability Roadmap 2023 – 2033 in Nairobi,

Linturi highlighted the presence of 17 warehouses across the country, facilitated by NCPB and private entities.

These warehouses collectively have the capacity to store over four million bags, ensuring proper storage practices to prevent aflatoxin infestation.

Linturi expressed the government's commitment to minimizing post-

No farmer should be pressured to sell the maize at below Sh4,000," -Linturi

harvest losses, emphasizing their vision to support farmers in drying and storing maize effectively.

As the country undergoes the current maize harvest in key grain-producing regions, Linturi affirmed the government's pledge to purchase four million bags from farmers at Sh4,000 per bag. This price is determined based on the computation of the cost of production.

"No farmer should be pressured by any value chain player to sell the maize at below Sh4,000. If so, this is exploitation which the government has been discouraging.

Our intention is to facilitate farmers dry their maize in the stores of NCPB to pre-

Agriculture and Livestock Development Cabinet Secretary (CS) Mithika Linturi (second from left) during the launch of the Kenya Dairy Industry Sustainability Roadmap 2023 – 2033. PHOTO: JOSEPH NG'ANG'A.

vent post-harvest losses," Linturi said.

The CS added that the government has been running the fertiliser subsidy, and with the contribution of fertiliser to the total cost of production being around 30 per cent, the cost of maize production is expected to come down which will lead to cheaper maize and Unga prices.

"We are already imple-

menting the Warehouse Receipt System (WRS) and if a farmer does not have anywhere to store his/her maize she/he can do it at the warehouses and get a receipt and they redeem the same quantity of maize at any warehouse across the country and if they are speculators they can wait for better price in the future," said Linturi.

He added that the gov-

ernment has put in money at the Agricultural Finance Corporation (AFC) which is a farmer's bank and can borrow money at interest rates below 10 per cent," the CS said.

Linturi reiterated the government's commitment to ensuring that the country is food secure, saying the government has opened an additional 200,000 acres for food production.

BANDARI MARITIME ACADEMY

Health CS unveils Sh1b project to enhance diabetes and hypertension care

BY ALICE WANJIRU(KNA)

The Government has launched a Sh1-billion, four-year project aimed at integrating diabetes and hypertension into the primary health care system in the country.

Health Cabinet Secretary Susan Nakhumicha Ms. Nakhumicha (pictured) emphasized that the project, funded by the World Diabetes Fund, marks a significant milestone in the management and care of diabetes patients. She noted

that its timing is crucial as the country strengthens its primary health care services.

Speaking at the Iten County Referral Hospital during the World Diabetes Day celebrations, the CS highlighted that the funds will be allocated to capacity building for community health promoters (CHPs). This will ensure they conduct proper testing for diabetes.

Acknowledging that diabetes can be effectively

managed with the right treatment, Nakhumicha expressed regret that, out of the four million people living with diabetes in the

country, only 40 percent are undergoing treatment. The majority of Kenyans have never had their sugar levels checked, underscoring the importance of training Community Health Promoters (CHPs) to conduct tests at the household level.

Nakhumicha further explained that all CHPs have been sensitized about the critical role of referring patients to hospitals. She assured doctors that their jobs are not at risk following the recruitment of Community

Health Workers.

Recognizing the unsustainability of dialysis due to its exorbitant costs, the CS stated that her ministry is promoting awareness among people with kidney failure, particularly the young, to consider kidney transplants. She highlighted that under the Social Health Insurance Act, the insurance will cover the costs of kidney transplants, including pre- and post-care services.

She hailed partners for

their role in the management of diabetes saying the country has so far established six centers of excellence for diabetes in the country, which act as regional hubs in offering comprehensive care and as learning centers.

The CS added the ministry is focusing on the management of children and adolescents whom she said bear the brunt of the disease, saying so far, they were offering insulin and other supplies to 4,000 patients.

RURAL ELECTRIFICATION AND RENEWABLE ENERGY CORPORATION EXTERNAL ADVERTISEMENT

- PROCURING ENTITY:** Rural Electrification and Renewable Energy Corporation P.O Box 34585 – 00100 Nairobi

State unveils Last Mile Connectivity to boost nationwide internet Access

BY ROSELYNE KAVOO AND ANN KANGERO(KNA)

The Government has launched Phase Four and Five of the Last Mile County Connectivity Project (LMCCP), aiming to enhance internet accessibility through the National Fibre Backbone Infrastructure (NOFBI) across the country.

The project, unveiled at the Machakos County Commissioner's office by the Head of Civil Service and Chief of Staff, Felix Koskei, involves connecting 455 sites, including both primary and secondary schools, along with various government offices at the county headquarters.

Koskei emphasized that the fourth phase includes the installation of 78 kilometers of fiber optic infrastructure and the setup of indoor and outdoor Wi-Fi hotspots. These hotspots will serve as access points for public Wi-Fi, thereby amplifying digital accessibility for citizens.

During a keynote speech at Machakos University, Ko-

Head of Public Service Felix Koskei (Center) and the Information, Communications and The Digital Economy CS Eliud Owalo (left) arriving at the Machakos County Commissioner's office for launching of the Last Mile County Connectivity Project.

skei stated that Phase Five of LMCCP is set to extend to the sub-counties, ensuring the integration of the most remote regions into the digital landscape.

The overarching objective is to connect 660 sites across 110 sub-counties, promoting inclusivity and equitable access to digital resources.

This expansive initiative will deploy an additional 102 kilometers of fiber and strategically positioned Wi-Fi hotspots, fostering innovation and empowering local communities to thrive in the digital age.

Koskei noted that LMCCP is anchored on the Bottom Up Economic Transforma-

tion Agenda (BETA) which aims to accelerate economic activities and facilitate the efficient delivery of government services across the country.

"The government is committed to leveraging technology as a catalyst for sustainable development and inclusive growth, which

will propel Kenya into a prosperous and a digitally empowered country for all," said the Head of Civil Service.

He hailed the project, terming it as a monumental step towards propelling Kenya into a new era of technological advancement and inclusive development.

"LMCCP signifies a giant leap in our commitment to bridge the digital divide and ensure that every Kenyan regardless of their location has access to efficient and reliable government services," he said.

At the same time, Koskei reiterated the need for the country to make more investments in increased connectivity and digital technologies to respond to unemployment and economic recovery.

"As it stands, there is an increasingly overburdened and fragmented digital infrastructure reducing reliability and performance. However, deployment of 100,000 kilometres of NOFBI to ensure connectivity across the 47 counties is one of the interventions being made to address the digital divide," he added.

Information, Communications, and the Digital Economy CS Eliud Owalo

who spoke at the same event stated that the government has implemented the project across the 47 counties as part of the digital super-highway.

Owalo added that through the project, government offices both at the county and sub-county levels can now receive internet services such as inter-county communication, IFMIS and video conferencing among others.

"Some of the departments that are connected at the county level include Interior, Education, Kenya News Agency, Treasury, Judiciary, hospitals and prisons," the CS said.

He further emphasized that inter-county communications will improve communication among government officers and create efficiency in the delivering of services.

On the other hand, ICT and Digital Economy PS Eng. John Tanui disclosed that the digital economy constitutes 18 per cent of the country's GDP.

"The digital economy is also growing 2.5 times faster than the physical economy. LMCCP will ensure that no Kenyan is left behind in this fast-growing digital space," Tanui said.

SENIOR MANAGER, SUPPLY CHAIN MANAGEMENT
FOR: MANAGING DIRECTOR

Gov't to close down athletes' training camps flouting anti-doping regulations

BY GEOFFREY SATIA (KNA)

The Government will shut down all athletes' training camps found flouting anti-doping regulations in the country.

Youth Affairs and Sports Cabinet Secretary Ababu Namwamba said that the sports careers of innocent athletes in the country are being ruined by certain training camps, coaches, and agents who administer enhancement drugs to athletes without their knowledge.

He vowed to eliminate doping cases among the athletes through a multi-agency joint effort.

Namwamba stated that the government, in collaboration with the Anti-Doping Agency of Kenya, National Government Administration officers, Police, Judiciary, and several other key players, will crack down on training camps and their coaches suspected of doping innocent athletes.

"Training camps, coaches, agents, we are coming for you. We'll deal with sus-

Youth Affairs and Sports Cabinet Secretary Ababu Namwamba addressing the press at Eliud Kipchoge Sports Complex in Nandi County

pects like criminals," Ababu declared during a press briefing at the Eliud Kipchoge Sports Complex in Nandi County.

He emphasized that sports, especially athletics, has elevated Kenya's fame globally, and that's why the government has allocated sh3.7 billion to address doping cases, which pose a threat to athletes' careers.

"Kenya is a sporting na-

tion, pivotal in driving our economy, and any threat to athletes' advancement is dangerous for this country," Ababu said.

The CS regretted that the recent increase of doping cases among Kenyan athletes had attracted international attention when World Athletics President Lord Sebastian Coe visited Kenya early this year.

Coe's visitation came a

few weeks after Kenya escaped a doping ban of athletics.

Namwamba said he promised the Athletics World President that Kenya was committed to ending doping among athletics through grassroots sensitization of athletes and the upcoming champions.

"Our athletes are now competing under suspicion and that is why we are fully committed to disrupting doping syndicates within our country," the CS promised. Nandi Governor Stephen Sang, also present during the briefing, was disappointed that doping cases had been identified among athletes from his county.

Sang challenged the CS, Kenya Anti-Doping Agency, and the entire anti-doping team to ensure syndicates surrounding doping cases are identified and dealt with according to the law.

"I strongly believe with our administration officers and other relevant agencies, this anti-doping war will be won," Sang said.

The Nairobi Gate Investors have pumped in 40 million dollars into the

Special Economic Zones set to attract trillions in annual foreign investment

BY MUOKI CHARLES(KNA)

Special Economic Zones (SEZs) are poised to attract Sh1.48 trillion worth of foreign investment annually for the country.

State Department for Investment Principal Secretary Abubakar Hassan said the SEZs seek to position Kenya as an attractive investment destination adding that so far, the government has gazetted 28 SEZs across the country in a bid to tap foreign direct investment (FDI).

Speaking during the launch of the Nairobi Gate Industrial Park in Northlands along the Eastern Bypass, the PS said seven of the SEZ have been gazetted as custom controlled, adding that three are already operational, four of them are public-developed while 24 are private, he added.

The PS underscored the importance of industrial parks in driving investment within the country in addition to accelerating manufacturing in and promoting skills exchange.

project in the last one and a half years and are set to spend another 160 million dollars more in the next five years to complete the industrial zone.

The first Special Economic Zone (SEZ) in East Africa has so far created 500 jobs with another 10,000 direct jobs set to be created after its completion.

The SEZ which has a gazetted customs control area in East Africa is expected to allow businesses operating from Nairobi Gate additional efficiencies including a one-stop shop for regulatory agencies including the Kenya Revenue Authority, Kenya Ports Authority, customs, and the Special Economic Zones Authority (SEZA).

The PS underscored the importance of industrial parks in driving investment within the country in addition to accelerating manufacturing in and promoting skills exchange.

ADDENDUM

CANCELLATION OF EXTERNAL VACANCY ADVERTISEMENT FOR SENIOR MANAGER, CORPORATE SERVICES KFS GRADE 2 REF: KFS/SMCS/2022

This is in reference to Kenya Forest Service (KFS) advertisement for the above-mentioned position which appeared on the Daily Nation and myGov on **Tuesday 21st June, 2022**.

The Service hereby notify the applicants that the advert was cancelled and are advised to reapply on recent advertised vacancy under **Ref No.KFS/SMCS/2023** for the same vacancy that appeared in the **Standard and MyGov** on **7th November, 2023** amongst other positions.

How to apply:

Step 1: Interested candidates who meet the requirements are asked to apply by visiting Kenya Forest Service website: <http://www.kenyaforestservice.org> and select the JOBS TAB to proceed with the online registration. Following successful online registration, the candidates will receive a notification email.

Step 2: In addition to the online registration, applicants **MUST PRINT** and attach the **NOTIFICATION EMAIL** as the first page of the hard copy application. The hard copy application should clearly indicate reference number for the position applied for and attaching current curriculum vitae (clearly indicating the mobile number, names and contact details of three referees), copies of relevant testimonials, academic and professional certificates and a copy of National identity card. The application should clearly be marked with reference number for the position applied for and should either be sent through the post office or hand delivered to the address provided below in a sealed envelope marked "**APPLICATION FOR (WRITE POSITION & REFERENCE):** so as to reach Kenya Forest Service not later than **Wednesday, 13th December, 2023 by 5.00pm**.

NB: The application will not be considered complete unless the two steps are successfully undertaken. Further, submission of the application through email shall not be considered.

**Chief Conservator of Forests,
Kenya Forest Service, Karura, Off Kiambu Road,
P. O. Box 30513 - 00100, G.P.O.
NAIROBI, KENYA.**

NOTE:

- Shortlisted candidates will be required to provide the requirements of chapter six of the constitution of Kenya 2010 during interviews.
- Convassing will lead to disqualification. The Service is ISO accredited and an equal opportunity employer. Applicants living with disabilities and those from marginalized areas and minority communities are encouraged to apply. Only shortlisted candidates will be contacted.

Government injects Sh344m to prop agricultural value chains in Nakuru

BY JANE NGUGI AND DENNIS RASTO (KNA)

The government has earmarked Sh344 million for the National Agriculture and Rural Inclusive Growth Project (NARIGP) to bolster agricultural value chains in Nakuru County.

NARIGP Coordinator Njoroge Githunguri revealed that the funds will support initiatives such as farmer capacity building, dairy farming improvement, acquisition of milk coolers, and construction of cold potato storage facilities.

Approximately 20,533 smallholder farmers in Nakuru County have benefited from micro projects funded through four value chains: Dairy, Apiculture, Irish Potatoes, and Improved Kienyeji chicken.

Among the funded projects is the Sh117-million cold room store in Muchorwe, Molo sub-county, designed to shield potato farmers from post-harvest losses and broker exploitation.

The cold room, capable of holding four million kilograms of potatoes, will feature an information center and proper storage areas, extending the shelf life by four to six months.

Nakuru, being the second-largest potato producer in Kenya, with 18.9 per cent of national production, has around 20,000 farmers cultivating potatoes on over

Nakuru Deputy Governor Mr David Kones hands over a cheque from National Agriculture and Rural Inclusive Growth Project (NARIGP) to support agriculture value chains in Nakuru County. PHOTO: DENNIS RASTO.

38,000 acres.

Githunguri disclosed that 934 vulnerable and marginalized groups and 12 cooperative societies have received funding, totaling Sh700 million disbursed in Nakuru County since NARIGP's initiation five years ago.

Initially set to conclude in 2022, the NARIGP project, a collaboration between the national government and the World Bank, received a one-year extension and will now conclude in March 2024. With a budget of Sh21 billion, NARIGP targets 21 counties, aiming to enhance agricultural productivity, food security, livelihoods, and reduce vulnerabilities in rural communities.

The project targeted rural communities in Nakuru, Turkana, Makueni, Meru, Kitui, Embu, Kilifi, Kwale, Narok, Kirinyaga and Murang'a counties. Others are Trans Nzoia, Nandi, Vihiga, Kisii, Nyamira, Migori,

Homa Bay and Bungoma.

The project areas within Nakuru include Molo, Njoro, Bahati, Naivasha and Kuresoi North Sub-Counties.

Speaking at the Soilo Agricultural Training Center, the coordinator indicated the project had made significant gains in addressing challenges holding back the dairy sub-sector in Nakuru.

These include limited availability of quality and affordable feeds, inadequate infrastructure, including access roads and milk cooling facilities, limited extension services, low value addition to absorb surpluses during glut. Githunguri stated that Sh14 million had been spent on training farmers and procurement of animal feed formulation machinery and equipment for cooperative societies to help boost profitability in milk production.

Government to establish National Federation of Beef

BY WANGARI NDIRANGU (KNA)

The Government will soon establish a National Federation of Beef in order to improve the quality of beef and leather products produced locally and transform the livelihoods of livestock farmers in Arid and Semi Arid Lands (ASALs) whose economies solely depend on the livestock sector.

According to the Cooperatives MSMEs Development Cabinet Secretary Simon Chelugui, the proposed Federation will work with cooperatives and Micro and Small Enterprises (MSMEs) to enable the government establish a coordinated way of running the cooperatives to feed and fatten their animals.

Speaking during the Annual Cooperative Leader's

Consultative Conference to assess sector performance, the CS added that the proposed federation will also seek to source for the markets, coordinate the slaughtering and aggregation of animals in addition to facilitating the logistics just like what KPCU does for coffee and KTDA does for tea.

"For instance, if we get

an order of one million kilogrammes of beef next week, the federation will be able to call some respective counties, check which animals are ready, and then total them up to see that Kenya can export the one million kilogrammes of beef irrespective of which county they are coming from," Chelugui said.

INVITATION TO TENDER

INVITATION TO TENDER

NO	TENDER NO.	DESCRIPTION	ELIGIBILITY	TENDER CLOSING DATE
1	KGN-OLK-005-2023	Tender for Design, Supply, Installation, Testing & Commissioning of 415 Motor Control Centre (MCC) for Olkaria II Power Station.	Citizen Contractors	14th December 2023 at 10.00 a.m.
2	KGN-GDD-115-2023	Request for Proposal (RFP) for Provision of Consultancy Services for Undertaking Optimization Study of the Greater Olkaria Geothermal Fields. <i>There shall be a Pre-Bid Meeting as stipulated in the Tender document.</i>	Open International	14th December 2023 at 10.00 a.m.

Interested firms may obtain further information from the office of the **General Manager - Supply Chain**, Tel: (254) (020) 3666230, Email: tenders@kengen.co.ke on normal working days beginning on the date of advert. Bidders who are unable to download the tender documents from the website may collect them from any KenGen Supply Chain Office upon payment of a non-refundable fee of **KShs.1,000.00** paid via Mpesa, **pay bill no. 400200** and **account no. 01120069076000**, then share the MPesa message to KenGen Finance office staff for receipt and issuance of official receipt.

The document can also be viewed and downloaded from the website www.kengen.co.ke, on E-procurement <https://eprocurement.kengen.co.ke:50001/irj/portal> and on PPIP portal <https://tenders.go.ke>

Bidders are advised to refer to the website and on e-procurement regularly for any additional information /clarifications/addenda. Downloaded copies are FREE.

SUBMISSION OF TENDERS:

1. Tender documents must be submitted online through KenGen E-Procurement web portal found on the KenGen website (www.kengen.co.ke)
2. Bidders who are interested in this tender **MUST** ensure that they are registered in the E-Procurement Portal. Please ensure compliance to the following;
 - For suppliers registering for the first time ensure the "**Public Procurement**" checkbox is ticked so that the login details are sent to suppliers automatically.
 - All documents **Must** be uploaded to the SRM System through the <https://eprocurement.kengen.co.ke:50001/irj/portal> found at www.kengen.co.ke
 - Prices to be entered under item of the RFx shall be similar to be prices in the price schedule.

Note: Those Bidder who have submitted their bids and wish to amend them further should not click on **WITHDRAW** but click on **EDIT** to enable them amend their bid response and make appropriate changes.

Bidders who require any form of assistance on how to bid via the system are advised to download a manual from the website or may contact eprocurement@kengen.co.ke

Tender Security:

Electronic Tender Securities are acceptable subject to:

- i. Attachment of a scanned copy to the bid document.
- ii. Submission of the e-security to the address indicated below in plain sealed envelope clearly labelled.
- iii. Such E-Security can be verified by use of a Quick Response (QR) code
- iv. Such E-Security can be verified via the issuing institution's online portal

Where a non-electronic security is submitted, the hard copy of the Original Tender Security in the form and amount specified must be delivered in plain sealed envelope clearly labelled with the tender number and tender description before the closing date to the following address:

**General Manager- Supply Chain,
Kenya Electricity Generating Company PLC,
9th Floor, KenGen Pension Plaza II,
Kolobet Road, Parklands,
P.O. Box 47936, 00100
NAIROBI**

Tenders will be opened **online** soon after the closing time in the presence of the candidates' representatives who choose to attend at KenGen Pension Plaza II, Tender opening room, 6th floor.

**N/B: KenGen adheres to high standards of integrity in its business operations.
Report any unethical behavior immediately to the provided anonymous hotline service.**

GENERAL MANAGER, SUPPLY CHAIN.

Dairy Board unveils 10-year sustainability roadmap to double milk output in Kenya

BY JOSEPH NG'ANG'A (KNA)

The Government, through the Kenya Dairy Board (KDB), has launched the Kenya Dairy Industry Sustainability Roadmap 2023 – 2033, which focuses on increasing dairy farmers' income by doubling their milk production per cow.

Agriculture and Livestock Development Cabinet Secretary Mithika Linturi said the transformative goals of the 10-year roadmap are to double milk production from the current five billion litres to 10 billion litres per year, grow exports of dairy produce to one billion litres, increase the percentage of formerly marketed milk from 30 per cent to 50 per cent, and increase the revenue of small-scale dairy farmers to Sh56,000 per month.

Speaking in Nairobi during the launch of the Roadmap, Linturi said to double the production of milk, interventions including enhancing access to fodder and feeds will be undertaken to double the productivity of milk per cow per day.

Agriculture and Livestock Development Cabinet Secretary (CS) Mithika Linturi watering a tree that he planted during the launch of the Kenya Dairy Industry Sustainability Roadmap 2023 – 2033. PHOTO: JOSEPH NG'ANG'A.

"Kenya has an estimated dairy herd population of 5.1 million and over two million smallholder dairy farmers with an estimated annual production of 5.2 billion liters of milk valued at over Sh.230 billion," he said.

The interventions will be undertaken to double the productivity of milk per cow per day

The CS said productivity of the large dairy herd, at below seven liters per day is low by global standards and it will be easier to increase milk production in the country by doubling the production per cow, compared to increasing the number of dairy herds.

He said providing better feed, veterinary services, and a healthy and clean environment is a proven way of increasing milk production, with results evident in less than a week's time.

The CS noted that the potential of the industry

has not been fully realized, mainly due to low productivity, high cost of production and other inefficiencies.

Linturi added that the government aims to reduce greenhouse gas emissions from the dairy industry by 0.4 metric tonnes CO₂ equivalent by 2030 as outlined in the National Climate Change Action Plan of 2018 – 2022.

"State Department of Livestock Development, in partnership with Kenya Dairy Board, UN, FAO, and IFAD are currently developing a project proposal on "Pathways to Dairy Net Zero" (PADNET). The proposal seeks to transition the dairy industry to lower Greenhouse Gas Emissions and adapt more climate resilient dairy systems," Linturi said.

The CS said it is his expectation that the roadmap will enable the country to employ modern technology and climate smart approaches to competitively produce, process and market an additional 2.5 billion liters of quality milk per year.

Kenya National Qualifications Authority lauded for foolproof credentials

BY MICHAEL OMONDI (KNA)

Education Cabinet Secretary Ezekiel Machogu has praised the Kenya National Qualifications Authority (KNQA) for ensuring that Kenyans possess foolproof qualifications that are globally competitive, relevant, and portable, allowing for the mobility of labor and skills worldwide.

Machogu acknowledged the significant sacrifices involved in this endeavor, emphasizing that the goal is to fully implement the National Qualifications Framework.

The Cabinet Secretary made these remarks in a speech delivered on his behalf by the Principal Secretary of the State Department for TVET, Dr. Esther Muoria, during the inauguration of a 10-member KNQA Council. The council is chaired by former Baringo Governor Stanley Kiptis.

The new Council members include Mr. Joseph Kanyi (representative of the Principal Secretary, Technical Vocation, Education and Training), Isaiah Ochelle (representative of the Principal Secretary, the National Treasury), Ms. Evelyn Owoko (representative of the Principal Secretary, Basic/Early Learning), Prof. Mike Kuria (representative of the Commission for University Education), Dr. Kipkuru Langat (representative of TVETA), Mr. Collins Oyuu (Representative of Central Organization of Trade Unions, also KNUT Secretary-General), Eng. Stephen Ogenga (representative of the Principal Secretary, Ministry of Labour), Ms. Jacqueline Mugambi (representative of the Federation of Kenya Employers - FKE), and Mr. Michael Muturi (representing the Inspector General of State Corporations).

INVITATION TO TENDER

The Kenya Development Corporation Limited (KDC) is a State Corporation established to facilitate Industrial and Economic Development in Kenya by Initiation, Assistance or Expansion of Industrial, Commercial and other Enterprises.

KDC's mandate is to promote sustainable economic development by providing development finance, infrastructure finance, business support and advisory services to medium and large-scale industries, infrastructure projects and commercial undertakings in target sectors in Kenya and elsewhere.

The Corporation invites sealed bids from firms interested to submit tenders as follows:

Ref. Number	Description	Tender Security	Closing Date	Eligibility
ONT/KDC/035/23-24	Supply, Installation, Testing and Commissioning of Lifts at Utalii House. Mandatory Pre-Tender Site Visit: Monday 27 th November 2023 from 10.00 am to 12.00 pm	800,000.00	Friday 1 st December 2023 at 10.00 a.m.	OPEN
FA/KDC/036/23-24	Framework Agreement for Provision of General and Group Credit Life Insurance Services for the KDC Loan Portfolio	50,000.00	Friday 1 st December 2023 at 10.00 a.m.	OPEN

Interested eligible candidates may obtain the Tender documents from our Website www.kdc.go.ke or the Public Procurement Information Portal at <https://tenders.go.ke/>. All the candidates who download the Tender documents are required to register with the Supply Chain Office by sending an email to: supplychain@kdc.go.ke

Completed Tender documents shall be sealed in a plain envelope, clearly marked as stated above showing the reference and title of the tender and addressed to:

The Director General
Kenya Development Corporation Limited (KDC)
16th Floor, Uchumi House, Aga Khan Walk
P.O. Box 12665-00100, Nairobi

Completed documents shall be deposited in the Tender box located at the Reception area on 16th Floor, Uchumi House, Aga Khan Walk, Nairobi; so as to be received on or before 10.00 a.m. on Friday 1st December 2023 at 10.00 a.m. The documents will be opened immediately thereafter at the Reception on 16th Floor in the presence of the bidders or their representatives who wish to witness.

DIRECTOR GENERAL
KENYA DEVELOPMENT CORPORATION LIMITED

MINISTRY OF FOREIGN AND DIASPORA AFFAIRS

STATE DEPARTMENT FOR FOREIGN AFFAIRS

INVITATION TO TENDER

The **State Department for Foreign Affairs** invites sealed tenders for the **Provision of Air ticketing and International Courier Services, and Supply and Delivery of Flags, Flag Stands and Presidential Portraits** as indicated here below. All the Tenders will be under the framework agreement model for a period of three (3) years renewable annually based on good performance. Eligible and qualified Service Providers are expected to respond by submitting their bids in plain sealed envelopes marked "**Tender for the Provision of Air Ticketing Services**" or **Tender for Provision of International Courier Services**" or **Tender for the Supply and Delivery of Flags, Flag Stands, Presidential Portraits and Coat of Arms**" as appropriate.

S/No.	Tender No.	Tender Description	Tender Category	Closing Date
1.	MFA/OT/001/2023-2024	Provision of Air Travel Services (IATA Registered Travel Agents Only)	Open	30 th December, 2023
2.	MFA/OT/002/2023-2024	Provision of International Courier Services	Open	5 th December, 2023
3.	MFA/OT/003/2023-2024	Supply and Delivery of Flags, Flag Stands, Presidential Portraits and Coat of Arms	Reserved for Women, Youth & Persons Living with Disability	5 th December, 2023

The Successful Bidders will be engaged under the Frame Contracting Procedure for a period of three (3) years.

The Tender Document and a detailed tender invitation notice may be viewed and downloaded for free from the website www.mfa.go.ke or from the Public Procurement Information Portal; PPIP ([www.tenders.go.ke](https://tenders.go.ke/)).

Tenderers who download the tender document must forward their particulars immediately to the Supply Chain Management Unit at the address indicated below on normal working days and time from Monday to Friday, between 8.30a.m. and 5.00p.m. to facilitate registration and in case there is a need for further clarification or addendum.

Address for submission of Tenders:
Principal Secretary
State Department for Foreign Affairs
Old Treasury Building
Harambee Avenue
P.O. Box 30551-00100, Nairobi
Telephone Number: +254-20-318888

New Sh30m Huduma-Jitume Centre set to empower Nandi County youth

BY LINET WAFULA(KNA)

The National Government is set to construct a state-of-the-art Huduma-Jitume Centre in Nandi County, with an allocated budget of Sh30 million.

The primary aim of this initiative is to provide the youth with access to digital literacy and online job creation opportunities.

Moses Kuria, the Cabinet Secretary for Public Service, Performance, and Delivery Management, announced this development during a national tree planting exercise at Kimondi Forest in Emgwen Sub-County. He mentioned that the National Youth Service (NYS) would be responsible for building the center.

The Cabinet Secretary emphasized a strategic shift in the integration of Huduma centers and digital hubs, known as Jitume centres. This integration aims to streamline and enhance the delivery of digital services and job opportunities to the youth more effectively and efficiently.

Kuria stated, "Construc-

PS, Information, Communication and Digital Economy Eng John Tanui planting a tree at Kimondi forest during national tree planting exercise where 20,000 trees were planted

tion work will commence this week, and I am calling upon the governor to sit down with all elected leaders and decide where the center will be built. T."

Huduma Kenya, launched in 2013, aims to transform public service deliv-

Our future is our environment. Let's take care of our environment – Tanui

ery into a more accessible, effective, dignified, and citizen-centric experience. The digital hub initiative, started in 2018 by what is now known as the Ministry of ICT and the Digital Economy, focuses on equipping young Kenyans with essential technology skills to enable them to tap into the digital job market.

Kuria said the Ministry will also work with the National Government- Constituency Development Fund (NG-CDF) for funding, adding that the center

will be installed with high internet speed and modern equipment.

He said the NYS has donated 2.5 million tree seedlings to the whole country and called on leaders and local administration to continue with tree planting sensitization in their regions and ensure citizens plant trees regularly to combat climate change.

State Department for Information, Communication and Digital Economy Principal Secretary Eng John Tanui said digitization is going to support tree planting the agenda to ensure people do not cut so many trees to provide paper operations in government or in businesses.

Nandi Governor Stephen Sang appealed to the Chief Conservator of Forests to find a way of protecting the trees planted to grow to maturity.

"We want to increase our forest cover from 16.9 per cent to 25 per cent and that can only be achievable if the trees we are planting are protected to maturity," Sang said.

CBC syllabus receives acclaim for leading environmental education

BY GEOFFREY MAKOKHA
(KNA)

The Competency-Based Curriculum (CBC) syllabus is being lauded as the most effective system in addressing environmental concerns, particularly in the areas of tree planting, forest conservation, and land reclamation.

Speaking at the national tree planting exercise held at Kendege Prisons in Kuria East Sub-County, Migori, Prof. Charles Ong'ondo, the Director of the Kenya Institute of Curriculum Development (KICD), highlighted that the new Kenyan education system comprehensively incorporates environmental aspects aimed at nurturing students in terms of environmental conservation.

Representing Education Cabinet Secretary Ezekiel Machogu at the county-level tree planting event, Prof. Ong'ondo emphasized that the CBC is designed to educate children from a young age about the significance of tree planting and environmental conservation.

"Our CBC education system has incorporated all the environmental aspects in all subjects, right from pre-primary to the secondary level," Ong'ondo stated.

The Director, who led the Kendege community in planting 9,000 trees at Kendege Prison and Kendege Technical Training Institute, disclosed that the CBC integrates pertinent and contemporary issues,

including environmental conservation and related aspects, in combating climate change across all learning areas.

Ong'ondo also explained that the new education system has incorporated parental engagement that aims to help children put into practice what their parents engage in daily activities.

"We are having children participate in tree planting exercises to show them the importance of tree planting and environmental conservation, just the way CBC was tailored to do," he said.

Pharmacy and Poisons Board (PPB) revamps for healthcare advancement

BY JUDY SHERI(PCO)

The Pharmacy and Poisons Board (PPB) is re-evaluating its Strategic Plan to harmonize it with the Bottom-up Economic Transformation Agenda (BETA) in order to achieve Universal Health Coverage (UHC) in the country.

Speaking during the mid-term review meeting of the Poisons and Pharmacy Board Strategic Plan 2020-2025 in Mombasa, Dr. Charles Githinji (pictured), the Board Chairman emphasized the Board's commitment to advance Universal Health Care.

The Board, Dr. Githinji said will also focus on the Bottom Up Economic Transformation Agenda by reaching the World Health Organization (WHO) Maternity Level III which signifies that Kenya operates effectively and qualifies for inclusion in the transitional WHO Listed Authorities, a global roster of reference regulators.

Dr. Githinji also stressed the importance of result-

oriented management and alignment with the government's new health policies and underlined the necessity of re-aligning the PPB Strategic Plan with the National Development Plan which will focus on result-based management, addressing unregistered outlets, enhancing mobilization efforts, and promoting teamwork to enhance public health in the country.

Apart from strategic planning adjustments, Dr. Githinji cited the on-going initiatives such as the re-categorization of PPB, ensuring institutional independence, refining human resources instruments, and

improving employee welfare and in tandem with this, the PPB is actively supporting local manufacturing of health products and technologies (HPTs), aligning with the Ministry of Health health commodity security pillar.

The Chairman said that Health Products and Technologies (HPTs) which are integral to disease prevention, diagnosis, treatment, and care, play a crucial role in achieving UHC and ensuring a sustainable supply of essential medicines.

He also emphasized the significance of increasing local production, particularly in light of potential disruptions in global supply chains.

CEO of the PPB, Dr. Fred Siyo, echoed the need for adaptation, stressing that the board is prepared for the transformative journey ahead adding that the pharmaceutical sector's role in ensuring the quality, safety, and efficacy of healthcare products remains paramount to the nation's health and overall well-being.

KENYA REVENUE AUTHORITY

Public Notice

Tax Payment through PayBill Number 222222

Kenya Revenue Authority (KRA) notifies taxpayers that all tax payments via mobile money shall only be made through the Government PayBill number 222222 with immediate effect in line with the Kenya Gazette No. 16008 of 2022 and the Presidential Directive designating the use of Paybill Number 222222 as the Government's single payment platform.

Taxpayers are further advised to use the Payment Registration Number (PRN) or the Ref. Number on the Payment Slips generated from KRA Business Systems: iTax, iCMS, EGMS, and KESRA iStudent as the account number when making tax payment via mobile money. KRA guides taxpayers to proceed with tax payment through mobile money as follows:

1. Enter PayBill number 222222
2. Enter the PRN (payment registration number) as the account number
3. Key in the amount as indicated on the PRN
4. Enter your PIN and click send

OR

1. Dial *222*
2. Select Pay KRA bill option
3. Enter the E-slip (PRN) number
4. Select payment mode as M-Pesa
5. Enter M-Pesa PIN and complete the rest of the process.

KENYA VISION 2030

Government allocates Sh500m to New KCC for excess milk purchase

BY WANGARI NDRANGU
(KNA)

The Government has disbursed Sh500 million to the New Kenya Cooperative Creameries (KCC) to address the issue of excess milk resulting from the effects of El Niño rains.

The Cabinet Secretary for Cooperatives and MSME Development, Simon Chelugui, announced that the first installment of the Sh500 million has been wired to the New KCC bank account.

This financial support aims to enable the parastatal to purchase surplus milk

Cooperatives and MSME CS, Simon Chelugui

from livestock farmers, convert it into milk powder, and store it as part of the country's Strategic Food Reserve.

Chelugui explained in a press release that the ongoing

rains are expected to lead to a surplus of over 50 million liters of milk between the current time and January 2024, significantly exceeding normal production

levels. To prevent the wastage of this excess milk, the government plans to process it into milk powder for storage, ensuring it contributes to the country's strategic food reserves.

This initiative seeks to address the challenges faced by farmers due to surplus production caused by unusual weather conditions and aims to prevent economic losses in the dairy sector.

"The mopping up of this excess milk has a financial implication of an estimated Sh1.5 billion, which will go towards the purchase of the surplus milk from the farmers," Chelugui explained.

The CS added that the support to New KCC will act as a Stabilisation Fund to ensure farmers have a market for their produce and that there are no losses at the farm level, and by extension, the entire value chain

benefits from the interventions, leading to milk price of a minimum of Sh45 per litre for the time being.

Chelugui further said that the Government continues to support the milk moderation programme to enhance processing capacity and efficiency and ensure New KCC continues to perform the critical strategic role.

He added that the Government has also earmarked Sh3.8 billion to carry out New KCC modernization programmes in Runyenjes, Mogotio, Kabianga, Narok and the upgrading of Dandora, Miritini, Eldama Ravine, Eldoret, Sotik and Kitale Plant as Phase III.

This, he said, follows Phase II which included Nyahururu, Kiganjo and Nyambene which are all complete and ready for commissioning.

In addition, Chelugui said the government has also

introduced subsidy programmes on BT cotton seeds and fertilizer, which indirectly support dairy feed production in the form of cotton seed cake, hay, and silage.

"Animal feeds account for approximately 60 per cent of the total cost of milk production and the government has removed taxes and levies on imported raw materials for animal feeds, which will lower the cost of production," Chelugui said.

He assured dairy farmers of the government's support and commitment to ensure that the dairy industry continues to be stable.

The total annual milk production in Kenya is approximately 5.2 billion litres, of which 3.9 billion is cow milk, 1.1 billion litres is camel, 0.28 billion litres goat and 0.067 billion litres is sheep milk.

REPUBLIC OF KENYA

NATIONAL YOUTH SERVICE

VACANCY

The National Youth Service (NYS) is a State Corporation established under section 5 (1) of the NYS (Act) 2018 to train and mentor Kenyan youth. The core functions of the Service as provided in the Act are to undertake paramilitary training; provide technical and vocational training in various trades; engage in nation building programmes; and commercialize its assets, programmes and activities to optimize utilization of its resources as well as research and innovation, hence creating a critical mass of technologically skilled and effective Kenyan youth ready to join the global village.

In line with its mandate, the Service is seeking to recruit a suitably qualified candidate to fill the position of the Director, Commercial Enterprise & Marketing: CSG 5 (1 post)

1. Director Commercial Enterprise & Marketing, CSG 5 (1 post)

Salary

Scale CSG 5: Kshs.143,640 x 6,770 – 150,41 x 6,960 – 157,370 x 7,160 – 164,530 x 7,820 – 172,350 x 7,810 – 180,160 x 13,680 – 193,840 x 14,980 – 208,820 x 15,260 – 224,080 x 18,190 – 242,270 x 20,150 – 262,240 p.m.

Allowances

House Allowance	Kshs.60,000 p.m.
Commuter Allowance	Kshs.20,000 p.m.
Leave allowance	Kshs.10,000 p.a.
Leave Entitlement:	30 working days p.a.

Terms of Service

Three (3) year, renewable contract based on performance.

Job purpose

The Director, Commercial Enterprise & Marketing reports to the Deputy Director General, Corporate Services Directorate.

This office is responsible for designing and developing suitable youth focused products and programmes to empower the youth and generate revenue for the carrying out of the functions of NYS in enterprise development.

Duties and Responsibilities

The duties and responsibilities of Director, Commercial Enterprise & Marketing will entail:

- i. Originating of new business activities through engaging existing and new clients.
- ii. Development of customer-centric strategies for NYS's new and potential clients based on their identified or projected needs;
- iii. Review of reports on competitor's offerings to understand each target markets, identify gaps or opportunities and develop strategies to address emerging issues;
- iv. Leading the introduction and rollout of new products / solutions to existing and new clients;
- v. Development and communication of unique value propositions to targeted clients;
- vi. Identification of market niches based on NYS's competitive advantage;
- vii. Undertaking feasibility studies, and develop business plans for potential customers;
- viii. Enhancement of business plans for NYS's prospective clients;
- ix. Undertaking of business diagnosis to identify gaps and opportunities in governance, strategy and management of the business;
- x. Supporting businesses to undertake analysis, design and implementation of business solutions to close identified gaps and pursue identified opportunities;
- xi. Supervision of staff of the Commercial Enterprise & Marketing Department; and
- xii. Any other duty, assigned by the Director General/CEO of the Service.

Person Specification

For appointment to this post, the candidate must:-

- i. Have a Bachelor Degree in any of the following fields: Business, finance, Entrepreneurship, Commerce, Economics, Marketing or equivalent qualifications from a recognized institution;

- ii. Master's Degree in any of the following fields: Business, Finance, Enterpreneurship, Commerce, Economics, Marketing or equivalent qualifications from a recognized institution;
- iii. At least Ten (10) years' work experience in Resource Mobilization and partnership development in public service or private sector, five (5) of which must be in a management position;
- iv. Have a certificate in Senior Leadership Course from a recognized institution;
- v. Be a member of a relevant professional body where applicable;
- vi. Proficiency in computer applications;
- vii. Shown merit and ability as reflected in work performance and results;
- viii. Certified qualification in any of the following: Financial Analyst (CFA), Investment and Financial Analyst (CIFA), Public Accountant (CPA (K) or Association of Certified Chartered Accountant (ACCA (UK)) or equivalent qualification from a recognized institution will be an added advantage;
- ix. Demonstrate strong abilities on a spectrum of key work performance competences such as managerial, teamwork, interpersonal, negotiation, analytical, numerical and organization skills; and
- x. Meet the provisions of Chapter Six of Constitution.
- xii. A qualification in Agribusiness is an added advantage;

Ag. DIRECTOR GENERAL**

Ministry of Health to distribute 15m nets nationwide to tackle Malaria

BY DAVIS LANGAT(KNA)

The Ministry of Health aims to distribute 15 million nets nationwide to combat malaria spread.

Mary Muthoni Muriuki, the Principal Secretary for Public Health and Professional Standards, emphasized the importance of this initiative, particularly during the ongoing El Nino rains, which create a favorable environment for mosquito breeding. Citing the Kenya Malaria Indicator Survey Report, she highlighted that approximately four million Kenyans contract malaria annually, resulting in over 10,000 deaths.

Collaborating with partners such as the Global Fund, US-Aid, and the World Health Organization,

Governor Gladys Wanga (L) during the launch of the mass distribution of mosquito nets. Holding a baby is PS Mary Muthoni. PHOTO: DAVIS LANGAT.

among others, the Ministry is actively supporting the nationwide distribution of mosquito nets.

Ms. Muthoni noted that the Ministry has identified 22 counties prone to malaria spread, including those affected by floods in the North

Eastern region. The focus is on preventive measures rather than curative interventions to address the significant impact of malaria on expectant mothers, children under five years old, and the elderly.

The initiative is part of a

broader strategy to combat malaria, especially in regions vulnerable to increased mosquito activity due to the ongoing weather conditions.

Speaking during the launch of the mass distribution of nets at Ndiru playground in Rangwe Constituency, Homa Bay County, the PS urged beneficiaries to use the nets for the intended purposes which is being undertaken by more than 100,000 community health promoters across the country.

The exercise is digitized through a system which is an end-to-end process which prevents the loss of the nets through corruption and beneficiaries are required to produce their identity cards (ID) for their details to get captured be-

fore they receive the nets.

Present during the launch was Homa Bay Governor Gladys Wanga, US-Aid Mission Director David Gosney, Global Fund representative Abdul Fuiza, his World Health Organization counterpart James Otieno, and Kenya's Acting Health Director General Patrick Amoth.

The PS said the use of nets was one of the most cost-effective methods of controlling the spread of malaria, adding, "the government is also promoting interventions such as Indoor Residual Spray (IRS), vaccination, and use of anti-malarial drugs among others," she added.

Muthoni urged Kenyans to remain vigilant during the ongoing El-Nino rains to keep malaria and diseases such as cholera, dysentery, and bilharzia at bay and called for the maintenance of a proper drainage system, waste disposal, personal hygiene, and clearing of

bushes to prevent the multiplication of mosquitoes.

"The slogan of mbu nje sisi ndani will be appropriate if we effectively use mosquito nets. We want to kick malaria out of Kenya," the PS said.

Governor Wanga said Homa Bay is among the counties around the lake region with high malaria prevalence with statistics indicating that the county has a prevalence rate of 3.6%. The county received a total of 841,000 treated mosquito nets.

"Malaria contributes to the high morbidity and mortality we record in the Homa Bay. Children are still at high risk of contracting the life-threatening disease," Wanga said

Gosney said their 16 years of partnership with Kenya has seen a great reduction of malaria spread by 50 per cent. He said US-Aid has a program of Sh2.5 billion to address malaria in counties around the lake region.

THE CROPS ACT NO. 16 OF 2013

THE DRAFT CROPS (BIXA) REGULATIONS, 2023

REQUEST FOR COMMENTS ON THE DRAFT REGULATORY IMPACT STATEMENT AND THE DRAFT CROPS (BIXA) REGULATIONS, 2023

The Cabinet Secretary, Ministry of Agriculture and Livestock Development is in the process of gazetting the draft Crops (Bixa) Regulations, 2023 as provided under section 40 of the Crops Act, No. 16 of 2013.

In compliance with the provisions of the Crops Act, the Statutory Instruments Act (No. 23 of 2013), the Ministry announces to the public the availability of the draft Crops (Bixa) Regulations, 2023 and draft Regulatory Impact Statement.

The main objective of the Draft Regulations is to guide the promotion, development and regulation of bixa and bixa products for the benefit of the bixa growers and other stakeholders in the bixa sub-sector. The Regulatory Impact Statement contains detailed information on the draft Crops (Bixa) Regulations, 2023.

The Constitution of Kenya, 2010 and the Statutory Instruments Act, 2013 require the public to participate in the decision-making process through the submission of comments to the Ministry. It is in this spirit that the Ministry requests the public to participate by submitting their comments through the provided address.

All interested persons should submit written comments on the draft Crops (Bixa) Regulations, 2023 and the draft Regulatory Impact Statement using the prescribed public comments form, to reach the undersigned not later than fourteen (14) days from the date of publication of this notice.

The following documents to facilitate discussions and enable stakeholder feedback are available and can be accessed through the Ministry website: www.kilimo.go.ke and the Agriculture and Food Authority's website: www.afa.go.ke

- (1) **Draft Crops (Bixa) Regulations, 2023;**
- (2) **Draft Regulatory Impact Statement; and**
- (3) **Public comments/feedback Form.**

There shall be a public forum on **14thDecember,2023** to discuss the draft Crops (Bixa) Regulations, 2023 and stakeholders' comments received to be held at **Kenya School of Government (KSG) Mombasa** starting from **10.00 a.m. to 1.00 p.m.**

Duly filled comments/feedback forms may also be submitted back via the following address:

**The Principal Secretary
State Department for Agriculture
Ministry of Agriculture and Livestock Development
Kilimo House, Cathedral Road
P.O Box 30028
Nairobi**

Or by e-mail: directorpolicy@kilimo.go.ke/psagriculture.research@kilimo.go.ke.

- Sale shall be subject to reasonable reserve prices.

Take advantage of the Tax Amnesty Programme Today and Enjoy 100% waiver on accrued interest & penalties.

TVET sector on track to achieving robust industrial linkages, says education CS

BY JUSTUS ANZAYA(PCO)

The Education Cabinet Secretary has lauded the Technical Vocational Education Training (TVET) sector as a game-changer, which is on the right trajectory to achieving robust and strong industrial linkages.

Speaking during the opening of a three-day

National TVET Conference 2023 at KICC Nairobi, Education Cabinet Secretary Ezekiel Machogu, accompanied by TVET Principal Secretary Dr. Esther Thaara Muoria, stated that the implementation of robust and strong industrial linkages in the TVET sector is in line with the recommendations

made by the Presidential Working Party on Education Reforms (PWER).

The CS emphasized that dual training are initiatives aimed at ensuring that learners are equipped with hands-on skills that will enable them to fit into the modern job market. Machogu underscored the

need to ensure an elaborate and frequent communication between industries and TVETs. "Industries and TVET institutions ought to establish elaborate communication and robust linkages so that they can scan and discern future market needs and develop the curriculum together," CS Machogu said.

Education CS Ezekiel Machogu, giving his speech during the opening of the three days National TVET Conference at K.I.C.C

EXPRESSION OF INTEREST (EOI)

EXPRESSION OF INTEREST (EOI) FOR PROVISION OF CONSULTANCY SERVICES ON DISTRIBUTION TRANSFORMERS AND MOTORS MANUFACTURING, PARTNERSHIPS AND CAPACITY BUILDING

REF No.: KGN-OPS-015-2023 - (OPEN INTERNATIONAL)

1.0 BACKGROUND INFORMATION

The Kenya Electricity Generating Company PLC (KenGen) is a leading power generating Company in Kenya with an installed capacity of 1904 MW that comprises of 826 MW of hydro power plants, 253.5MW of Thermal power plants 799MW of Geothermal power plants and 25.5MW of Wind farm.

KenGen being the leading power producer in the country as well as one of the main consumers of Transformers and Motors supports local manufacturing in order to transform Kenya into a country with a competitive industrial base that guarantees a strong economic foundation and productive jobs. Transformer/Motor manufacturing is aligned to the government's manufacturing Manifesto which highlights key areas that shall drive the country's economic prosperity through raising export intensity, raising investment for industry and driving industrial competitiveness.

The Company is intending to set up a manufacturing plant for distribution transformers and motors and is inviting Expressions of Interest from eligible consultancy firms to offer feasibility study on factory Start-up for Transformers and Motors, from Technology transfer, design layout, procurement and supply of equipment, raw material, pilot batch, and all the necessary approvals etc. up to final production, and marketing, capacity building and partnership with other transformer and motor manufacturers.

2.0 OBJECTIVES

- The main objective of the consulting service is to conduct detailed Feasibility study of the distribution transformers and motors manufacturing start up project, prepare study report covering technical, financial, socio-economic, statutory, environmental and all other relevant aspects of project development.
- To determine the viability of establishing a manufacturing facility applying efficient technology to minimize dependency on importation of distribution transformers and motors.
- To determine the viability of establishing partnerships with local and international manufacturers, suppliers, and stakeholders to facilitate technology transfer, resource-sharing, and market expansion.
- To determine the viability of establishing partnership with a transformer and motor manufacturer to leverage on their expertise, resources, and capabilities to venture into the business.
- Build internal technical capacity in transformer and motor manufacturing and training.

3.0 SCOPE OF WORK

The scope of the consultancy for the project is comprised of but not be limited to the following:

- Identify all the preliminary requirements required to set up the venture.
- Deduce overall Expertise requirements, tools & equipment, material and support infrastructure required for the venture.
- Conduct strategy alignment to show how the venture aligns to KenGen's diversification strategy.
- Propose the main business activities of the plant and manpower requirements of the plant.
- Identify the capital cost requirements, and draw up its projected revenue base, profit and loss account and balance sheet. Include the financial indicators e.g. IRR, NPV etc.
- Highlight the economic benefits it would bring to the country.
- Establish the available sources of raw materials and semi-manufactured materials
- Identify quality control systems required for the whole production chain of Transformers and Motors.
- Identify all transformer and motor quality tests required and test equipment.
- Carry out a market analysis and map potential customers

4.0 ELIGIBILITY, MANDATORY REQUIREMENTS AND DOCUMENTATION REQUIREMENTS

The bidder shall submit the following documents as part of the EOI

- Provide the requirements below;

• Name of firm	• Telephone number
• Postal address	• Email Address
• Physical address	• Contact person
- Documents detailing that the party or parties fulfils the minimum requirements in Item 5 below.
- Certificate of incorporation (and any certificate of change of name) from the country of domicile.
- Certified copies of Memorandum/Articles of Association.
- Financial Statements for the last 3 years including Tax registration and Tax compliance certificates or equivalent documents applicable in the bidder's Country of origin. (For consortium arrangements, each member must meet the requirements).
- List of consultancy services on similar studies, including a brief description of the study (scale and scope) and the status of the projects.

The eligible firms shall have:

- At least 15 years' experience in transformer and motor manufacturing sector consultancy.
- Demonstrate successful performance in carrying out at least three (3) similar scope of work studies in the past 10 years. The consultant shall provide at least three references for consultancies on financial and operational analysis carried out on companies of similar magnitude in the energy sector. Completion certificates or referral letters shall be provided.
- It is anticipated that Consultants responding to this EOI will be an individual firm or association. In case of an association, the members shall submit a declaration confirming their association (joint venture or consortium) with indication of the Lead Partner of such an association. Power of attorney to be provided.
- Foreign consultant firms should incorporate local consultants in their consultant teams for capacity building and to meet the 40% statutory local content requirement.
- Demonstrate a strong & stable financial status by positive cash flows, net worth and profitability for the immediate last 3 years.

g. List of projects that the proposed professional team members including the team leader have experience relevant to this study indicating the scope, responsibilities and duration of engagement for each team member, to meet the below; (*attach their curriculum vitae*)

- Team Leader shall be an engineer, economist, project manager or other relevant field of study with at least twenty (20) years of experience, knowledge and understanding in Project Management, Project Engineering and Product / System Design & Development. Demonstrate ability in management of similar consultancy assignments.
- An electrical engineer with at least 15 years' experience in design, manufacture, operation and maintenance of power transformers and motors.
- A mechanical engineer with at least 15 years' experience in production and manufacturing.
- A financial analyst or energy economist with at least fifteen (15) years relevant working experience in project finance, 7 of which should be experience in financial and economic evaluation and analysis and financial modelling of transformer manufacturing and related projects.
- The Consultant is at liberty to recommend any other support staff to assist in carrying out of the Study, if it

would result in better delivery of the tasks

- Where the Applicant is a consortium, a list of the proposed members of the consortium and the proposed Leader of the consortium and the roles of each member.

5.0 REQUESTS FOR CLARIFICATIONS

The interested parties may request for clarifications on this Expression of Interest up to Seven (7) days before the EOI submission date. Any request for clarification must be sent in writing by paper mail, facsimile, or electronic mail to:

General Manager-Supply Chain,
Kenya Electricity Generating Company PLC,
9th Floor, KenGen Pension Plaza II,
Kolobet Road, Parklands,
P.O. Box 47936, 00100, NAIROBI.
Email: tenders@kengen.co.ke;

6.0 SUBMISSION OF THE EOI

Submission of the EOI documents made in English must be received on or before **18th December, 2023 at 1000hrs East African Time** and addressed to:

General Manager-Supply Chain,
Kenya Electricity Generating Company PLC,
9th Floor, KenGen Pension Plaza II,
Kolobet Road, Parklands,
P.O. Box 47936-00100, Nairobi, Kenya.

Information on the outer envelope should also include: "**Confidential, KGN-OPS-015-2023- Expression of Interest (EOI) for Provision of Consultancy Services on Distribution Transformers and Motors Manufacturing, Partnerships and Capacity Building'** Do not open before **18th December, 2023 at 1000hrs East African Time.**"

The EOI documents should be dropped at the tender box located on Ground Floor at KenGen, RBS building. Bids that cannot fit in the tender box should be submitted to the General Manager, Supply Chain's Office located on the 9th Floor KenGen RBS Building on or before the submission deadline.

Bidders should submit **one original and 2 (two) Copies of the EOI** on or before **18th December, 2023 at 1000hrs**. The EOI will be opened on the same day in public at 10.30 hours, (Kenyan time) at KenGen RBS Building, 6th Floor in the presence of bidders' representatives who choose to attend.

The Expression of Interest can also be viewed and downloaded from our website www.kengen.co.ke.

Bidders are advised to be checking the website from time to time up to Seven (7) days before submission date for any uploaded information through clarification/addendum.

Only firms pre-qualified under this procedure will be invited to submit their Technical and Financial proposals under the Request for Proposals (RFP).

KenGen reserves the right to accept or reject any or all applications without the obligation to assign any reason for the decision. Only individuals pre-qualified under this procedure will be invited to submit their technical and financial proposal.

GENERAL MANAGER, SUPPLY CHAIN

Mombasa unveils 25-year climate action plan to make city adaptive to climate change

BY SADIK HASSAN AND JIMMY MAMBO (KNA)

Mombasa County has unveiled a 25-year Climate Action Plan (CAP) that prioritizes initiatives intended to achieve climate change adaptation and mitigation.

County Executive Committee Member (CECM) for Water, Natural Resources, and Climate Resilience, Emily Okello, says the CAP is meant to guide the implementation of climate change actions towards strengthening resilience to the impact of climate change.

"The county government realizes the urgency with which it needs to respond to the challenges brought about by climate change. This is a big milestone for the department as we are

launching the Climate Change Action Plan. It is a 25-year plan broken down into five years because we realize that restoration work is long-term," CECM Okello said.

The plan was developed in a participatory method in partnership with the State Department for Urban Housing and the World Bank through the City Climate Finance Gap Fund, a multi-donor trust

6 This document is important to us because it is going to be the roadmap that guides resilience adaptation and mitigation measures in Mombasa County - Okello

fund with support from the governments of Germany and Luxembourg.

"This document is important to us because it is going to be the roadmap that

guides resilience adaptation and mitigation measures in Mombasa County," Okello said, adding that it will also help mainstream climate change issues that cut across

all departments.

The CAP has prioritized different sectors that are significant contributors to the carbon footprint. E-mobility and non-motorized movement are some of the interventions in the transport sector. Others include clean cooking options, participatory restoration proposals for degraded mangrove ecosystems, and exploitation of the entire waste value chain for a circular economy.

"We are committed to assisting the county by providing the necessary legal frameworks and policies to address all the challenges facing the coastline," Eng. Njenga said.

Peter Ellis, Manager of Urban Development and Resilience at the World Bank, pledged support to counties in the promotion of climate action and green and low-carbon development to be more resilient to climate shocks through investment in adaptation abilities.

"Mombasa is a water-scarcity county; we are looking at water harvesting mechanisms and even supporting upstream counties that are the source of our water," CECM Okello stated.

To restore the coastline against encroachment, pollution, urbanization, and settlement, the county government is working in partnership with the Kenya Forest Service and other partners to put up beacons around forests to deter encroachment.

Eng. Benjamin Njenga, the Secretary for Urban and Metropolitan Development in the State Department for Housing and Urban Development, says Mombasa is on the right path regarding urban resilience and climate change adaptation plans.

"We are committed to assisting the county by providing the necessary legal frameworks and policies to address all the challenges facing the coastline," Eng. Njenga said.

Peter Ellis, Manager of Urban Development and Resilience at the World Bank, pledged support to counties in the promotion of climate action and green and low-carbon development to be more resilient to climate shocks through investment in adaptation abilities.

"We are supporting Mombasa and the Coastal region in general through the City Climate Finance Gap Fund, which is a multi-dollar fund," said Ellis.

ANTI-FEMALE GENITAL MUTILATION BOARD

JOB VACANCY

KEMSA: YOUR PARTNER IN HEALTHCARE

BY MONICA OMORO (PCO)

The Ministry of Youth Affairs, Sports and the Creative Economy will collaborate with the International Youth Fellowship (IYF) to nurture and develop skills among vulnerable youth groups in the country through various skill enhancement programmes.

The Cabinet Secretary Ababu Namwamba said the partnership between the

ministry and IYF will focus on the Talant Hela initiative to enable the youth to monetise their talents and put money in the pockets of creatives and sports persons.

Namwamba, who was speaking during the fourth graduation ceremony of the International Youth Fellowship (IYF) at its headquarters in Nairobi commended the IYF for the significant role it plays, and the achievements

so far realized in the youth empowerment sector.

He noted that since its inception, the IYF has been empowering and offering invaluable opportunities and a sense of purpose to youths from diverse backgrounds and contributing to the creation of a brighter society.

The CS said, "As we reflect on Martin Luther King Jr.'s words, "If I cannot do great things, I can do small things in

a great way," I am reminded of the collective efforts and small steps taken by IYF, which have collectively led to monumental progress.

"May I express my sincere appreciation for every endeavor undertaken by the International Youth Fellowship to in-print profound change in the lives of these youth," the CS said.

Namwamba said IYF's dynamic approach has effectively

navigated the challenges of time, providing tangible and solution-oriented activities, adding that central to their strategy is the development and nurturing of basic technical and vocational skills, aligning them with market demand which ensures that the youth are equipped with the tools needed to succeed in the job market, thereby contributing to the economic growth of the nation.

Through Mind Education training programs, the CS added, "IYF instils in youth the mindset and values crucial for overcoming challenges,

making sound decisions, and becoming effective leaders and this investment in the intellectual capacity of our youth lays the foundation for a generation capable of transforming communities and shaping the future of our nation."

"The pillar of cohesion has been pivotal in fostering a strong partnership between the IYF and the Government of Kenya, particularly with my Ministry. IYF's commitment to a borderless global village promotes global citizenship, cultural understanding, and

Kenya's investment promotion efforts secure the support of UNDP, World Bank

BY MYGOV REPORTER

The United Nations Development Programme (UNDP), the World Bank and Kenya Investment Authority (KenInvest) have announced a new partnership to develop and implement an Investment Facilitation Framework and Foreign Direct Investment (FDI) Attraction Strategy.

The framework is aimed at creating a transparent, predictable, efficient, and trusted mechanism for effective investment facilitation.

Speaking during the launch of the partnership in Nairobi, the Cabinet Secretary for Investments, Trade and Industry, Ms Rebecca Miano, lauded the partnership arguing that it will make it easier for investors to invest, conduct their business and expand their operations in Kenya.

Miano further added that through the partnership Kenya will streamline procedures related to domestic and foreign investor attraction and improve coordination and cooperation among actors in the investment cy-

Rebecca Miano, the CS for Investments, Trade and Industry

cle.

The CS lauded the role played by the National Investment Council (NIC), a body mandated with providing an overarching coordination mechanism to support the growth of investment in Kenya and for working tirelessly with the Secretariat to conceptualize the Investment Facilitation Framework.

"We have set a target as a country to attract foreign direct investment (FDI) to a tune of USD 10 billion. To unlock FDI and position Kenya as a competitive investment destination, the National Investment Council through its secretariat—the Kenya Investment Authority has developed

an Investment Facilitation Framework with a view to creating a transparent, predictable, efficient, and trusted mechanism," Rebecca Miano said.

Through the partnership the Government will leverage on the UNDP's global network to implement the framework as well as work with them as a project manager to support the key priority areas that including: Legislative and regulatory reforms to remove barriers to investment attraction, Investment Facilitation Framework including design and operationalization of an Investor Facilitation Platform, and Institutional capacity development including organization review and development of a

strategy to strengthen Kenya Investment Authority.

Speaking during the meeting, Mr. Anthony Ngororano, the UNDP Resident Representative said, "As a key partner in Kenya's development journey, we are gearing up for a collaboration with KenInvest. Together, we aim to remove barriers to investment and strengthen the investment facilitation journey."

"We shall support the Government through the Kenya Investment Authority to provide practical measures aimed at improving transparency and predictability on the investment climate in Kenya," said Ms. Elizabeth Kibaki-Obiero, Senior Private Sector Development Specialist at World Bank.

The Cabinet Secretary added that the Ministry is looking to review the legal framework to anchor the organization.

"We will review some laws and policies that have been overtaken by events to make it easier for investors both foreign and domestic to tap the various business opportunities that we have across Kenya for both the benefit of our economy and the interests of the investors," Miano said.

UNIVERSITY OF EMBU

PRIVATE SECURITY REGULATORY AUTHORITY

THE PRIVATE SECURITY REGULATION ACT (No. 13 of 2016)

Legal Notice No. PSRA/005/2023

The Private Security Regulatory Authority is established under **Section 7** of the Private Security Regulation Act No. 13 of 2016 to regulate the Private Security Industry in accordance with the Act and the values and principles set out in the Constitution of Kenya 2010.

Pursuant to **Sections 6, 9 (c), 9 (o), 21, 22, 23, 24, and 25** of the Private Security Regulation Act No. 13 of 2016 the Authority hereby notifies private security service providers, users of private security services and the general public **THAT:**

The Authority has commenced nationwide registration, licensing, and issuance of **Guard Force Numbers (GFN)** to individual private security service providers who include but are not limited to; **private security guards, corporate security officers**, and all persons providing private security services, either employed or otherwise engaged by Government institutions, agencies or bodies; and/or by any individual, security companies, corporate entities, organizations, associations or any other entity recognized by law whether incorporated or unincorporated.

In view of the foregoing, it is a mandatory requirement for **ALL** individual private security officers (**Private Security Guards**) to undergo training in security matters in an institution accredited by the Authority as a prerequisite requirement for registration and licensing in accordance with **Section 23 (2) (d)** of the Act.

SECTION 69 of the Private Security Regulation Act No. 13 of 2016, states, a person who: -

1. operates as a private security service provider without being the holder of a valid training certificate from an institution accredited by the Authority; and/or
2. operates as a private security service provider without being registered by the Authority. The Guard Force Number (GFN) is the **ONLY** proof that a Private Security Officer has been duly registered and licensed by the Authority in accordance with the provisions of the Act;

COMMITS AN OFFENCE and shall be liable to a fine or to both such fine and **imprisonment** in the case of a natural person and two million shillings (**Kshs. 2,000,000/=**) in the case of a corporate.

IN FURTHERANCE of its mandate and powers conferred by **Section 9 (b), 9 (e), 9 (h), 9 (k), 9 (q) and 10 (c)**, the Private Security Regulatory Authority hereby issues the following Legal Notice in regard to the **BASIC MINIMUM MONTHLY WAGES** for **ALL** private security officers (Private Security Guards) operating in Kenya:

S / No	Item	Monthly Pay Kshs. Cts
1	Basic Pay – (Pursuant to Legal Notice No. 125 of 2022 and increase of minimum wage effective 1st May 2022)	18,994.08
2	House Allowance – (Pursuant to Section 31 of the Employment Act No. 11 of 2007 and Rule 11 of the Employment (General) Rules 2014)	2,849.11
3	Overtime Allowance – (Pursuant to Section 27 of the Employment Act No. 11 of 2007)	8,156.81
	Gross Pay	30,000.00
	Statutory Deductions	
1	National Social Security Fund (NSSF) - (Pursuant to Section 20 of the National Social Security Fund Act No. 45 of 2013)	1,080.00
2	Social Health Insurance Fund (SHIF) - (Pursuant to Section 25 & 27 of the Social Health Insurance Fund Act 2023)	825.00
3	Pay As You Earn (P.A.Y.E) - (Pursuant to Section 37 of the Income Tax Act Cap 470 and Rules 2 & 4 of the Income Tax (P.A.Y.E) Rules 1973)	1,229.75
4	Affordable Housing Levy - (Pursuant to Section 31B of the Employment Act No. 11 of 2007)	450.00
	Net Pay	26,415.25

SECTION 69 of the **Private Security Regulation Act No. 13 of 2016**, thus states, a person (including Government institutions, agencies or bodies; and/or any individual, security companies, corporate entities, organizations, associations or any other entity recognized by law whether incorporated or unincorporated) who: -

1. hires, employs or otherwise engages the services of any private security service provider and pays or remunerates them below the mandated basic minimum wage prescribed herein;

COMMITS AN OFFENCE and shall be liable to a fine or to both such fine and **imprisonment** in the case of a natural person and two million shillings (**Kshs. 2,000,000/=**) in the case of a corporate.

a. For Open to all tenders: Tenderers shall provide an original and valid Tender Security amount as stated in the tender document and the Schedule of Roads Tenders posted on KWS website. The tender security shall be issued in Kenya Shillings or a freely convertible currency and in the form of Bank Guarantee or an Insurance Guarantee from Insurance Companies approved by PPRA / deposit taking Microfinance institutions, SACCO societies, Youth Enterprise Development Fund or Women Enterprise Development Fund.

b. For Reserved tenders: Tenderers shall provide an original Form of Tender Securing Declaration duly filled, signed, stamped and dated. The Form of Tender Securing Declaration is provided in the tender document.

viii) For tenders reserved for special groups, each tender shall further be accompanied by;

a. Certified copy of valid AGPO Certificate as proof of Registration in the target Group as issued by the National Treasury as at the date of tender closing.

b. Certified valid copy of PWD Identity Card issued by National Council for Persons with Disability (NCPD). This applies to tenders under PWD category.

c. Evidence of access to funds or financing agreement / Credit facility from banks or deposit taking microfinance institutions, SACCO societies, Youth Enterprise Development Fund or Women Enterprise Development Fund (**Printed and signed on the financial institution's letterhead containing addresses and contact information**).

ix) Bidders and their respective Directors can only submit **ONE BID**. Non-adherence to this condition shall lead to disqualification.

x) There shall be a Mandatory organised pre-tender site visit for the projects from **Tuesday 5th December 2023 to Friday 8th December 2023** as per the schedule of tenders posted on KWS website. All Site visits shall be starting from 9:00am at the respective assembly points.

a) Each company shall be represented by a nominated technical representative.

b) The technical representative above shall represent only one (1) company in each tender.

c) The technical representative shall bring Original National ID/Passport and hard copies of the following documents which will be retained by KWS for verification:

• **An ORIGINAL** introductory letter on the company's letter head signed and stamped by the company's director. The letter shall indicate the name, National ID / Passport no. of the representative, and shall be referenced to the tender the bidder is participating.

• **CERTIFIED** copies of the National ID/Passport and Academic Qualifications equivalent to that of the Site Agent described in the tender document.

d) The attendance register shall be filled and closed at the end of the pre-tender site visit by the tenderers and witnessed by KWS representatives.

e) Certificate of site visit shall be signed at the end of the pre-tender site visit by the bidder's representative and witnessed by the KWS representatives on the date of organized site visit. The Certificate of site visit **SHALL** be submitted by the bidders together with their bid document.

xii) Bidders having incomplete Road works with KWS will not be eligible for bidding in these tenders and **SHALL** be disqualified.

xiii) All the pages of the bid document **MUST** be sequentially serialized from the first to the last page in the format described in the tender document. Bidders who fail to comply with this criterion will be disqualified.

xiv) The document **MUST** be book / Tape bound. Tenderers who fail to comply with this criterion will be disqualified.

Schedule of Road Tenders and Tender documents containing detailed specifications can be downloaded for free at our website; <https://www.kws.go.ke> or the Public Procurement Information Portal <https://www.tenders.go.ke>.

Communication regarding the tender must be in writing through the email address: hps@kws.go.ke three (3) days prior to tender closing.

All clarifications and/or amendments will be published on the KWS website and tenderers are required to check for any addenda or amendments in the course of the bidding period before the closing date.

The complete tenders enclosed in sealed envelopes clearly marked with the appropriate **Tender Number** shall be submitted to:

**Director General,
Kenya Wildlife Service,
KWS, Headquarters, Langata Road,
P. O. Box 40241-00100,
NAIROBI, KENYA**

By depositing them in the Tender Box on Ground Floor, Main Reception on or before 10.00 am on **Friday, 15th December, 2023**

Opening of the Tenders will take place immediately thereafter in the KWS Conference Room in the presence of bidders' representatives who choose to attend.

DIRECTOR GENERAL

MINISTRY OF AGRICULTURE & LIVESTOCK DEVELOPMENT STATE DEPARTMENT FOR AGRICULTURE

EXPRESSION OF INTEREST(EOI) FOR PROCUREMENT OF CONSULTANCY SERVICES TO DEVELOP AGRICULTURE MASTER PLAN

TENDER NO.: MOALD/SDA/EOI/OT/01/2023-2024

1. BACKGROUND

Agriculture remains to be the backbone of Kenya's economic development. The agriculture sector recorded mixed performance in the year 2022. According to the Kenya Economic Survey 2023; the overall growth in agriculture decreased from negative 0.3% in 2021 to negative 1.9 in 2022. This was largely occasioned by drought in most parts of the country that severely affected agricultural production. In the same period, agricultural contribution to GDP was 20.5% in 2021 and 21.2% in 2022. The suppressed agricultural GDP equally affected the growth magnitude of the national GDP. The real Gross Domestic Product (GDP) decelerated from a revised growth of 7.6 percent in 2021 to 4.8 percent in 2022.

Kenya's food security requires a vibrant, commercial, and modern agricultural sector that sustainably supports Kenya's economic development as envisioned in the Vision 2030 and its implementation plans (the Medium Term Plans - MTPs), national priorities including the Bottom Up Economic Transformation Agenda (BETA), regional and global commitments such as the Comprehensive Africa Agriculture Development Program (CAADP) implementing the Agenda 2063, and the United Nations Sustainable Development Goals (SDGs).

2. OBJECTIVE OF ASSIGNMENT

The Specific objectives are to:

- a) Establish, validate, and digitalize baseline data and status of the Crop Sector resources in Kenya.
- b) Undertake a Crop Sector Analysis and model future scenarios to support the current and future interventions in the Agriculture Sector.
- c) Develop a ten year Agriculture Sector Master Plan broken into 5-year implementation plans.
- d) Develop investment action plans with commodity value chain "road maps" to support promotion and advocacy efforts for uptake by the private sector, foreign direct investment and other non-state actors which also direct implementation and investment by both the national and county governments.

3. TERMS OF REFERENCE FOR AGRICULTURE MASTER PLAN

3.1 Address Crops Resources Aspects and Development

- i. Collect relevant data on crop production and productivity for analysis and validation.
- ii. Analyze crops inputs availability and distribution strategies.
- iii. Assess and analyze mechanization levels and have strategies to enhance mechanization.
- iv. Consider water resources and water harvesting facilities for irrigated agriculture.
- v. Review crops innovations, technologies; and production systems.
- vi. Review the seed systems, availability, and access.
- vii. Map the country into unique crops value chains investment regions.
- viii. Engage Counties and provide County specific agriculture investment options.

3.2 Consider Crops Value Addition and Marketing (technical and economic perspectives)

- i) Assess agriculture produce market infrastructure Review crops marketing and credit infrastructure.
- ii) Analyze processing, handling, packaging, and distribution of crops products.
- iii) Mitigate barriers to crops and value-added crops product trade.
- iv) Sensitize counties on how to invest on food storage and post-harvest management.

3.3 Analyze Crops Policies, Laws and Institutional Framework

- i. Review, analyze and make appropriate recommendation on the crops policies and laws.
- ii. Conduct and inventory of all existing agriculture public and private institutions, analyze their organizational set up & capacities, institutional problems, weaknesses, and opportunities and make appropriate recommendations.

3.4 Address Cross Cutting and cross Sectoral Dimensions

- i. Analyze the relevant cross sector issues with a significant impact on the crop sub sector.
- ii. Provide for best way forward in cross cutting issues.

3.5 Develop ten years Agriculture Master Plan

The AMP will be comprehensive to guide the growth and development of the sector for the ten years (2024-2034) and will be implemented in two phases.

3.6 Develop the first phase (five years) Investment Plan

Develop the implementation plan through a schedule of multi-stakeholder dialogues to drive the policy agenda at the county and national levels. The Plan will have activities cost, clear timelines and outcomes.

4. METHODOLOGY

The process will require collaboration between the Ministry, County Governments, development partners and other stakeholder for their support and ownership.

The process will follow the following key phases.

- a) **Initiation Phase:** To establish suitable structures, clarity on Terms of Reference and stakeholders' identification, data collection, literature review and field visits to close gaps.
- b) **Drafting Phase:** Data analysis and drafting of the Master Plan
- c) **Review Phase:** Consultations with various stakeholders at both the national and county level
- d) **Validation and Approvals Phase:** To undertake validations and obtain all the necessary approvals.

The following are the major outputs in development of the Agriculture Master Plan:

5.1 Output 1: Institutional framework established.

The key activities under this output include:

- a) Establishment and operationalization of a National Steering Committee (NSC) that will be giving overall policy direction and approval of the final documents.
- b) and National Technical Committee (NTC) that will offer overall technical advice and guidance of the process.
- c) Consultative meetings between NSC, NTC and Partners
- d) Establishment of AMP activities coordination Secretariat
- e) Capacity building of NTC and crops value chain experts to support development of Agriculture Master Plan.
- f) County sensitization and prioritization of value chains

5.2 Output 2: Baseline data collected and validated.

The key activities to be undertaken include:

- a) Initial assessment of the Crop Sector including available data, policy instruments, technical environment, constraints among others.
- b) Development of tools for baseline date collection
- c) Capacity building county teams
- d) Collection of baseline data
- e) Assessment of crops value chains and their contribution to the economy.
- f) Climate change mitigation and adaptation information

5.3 Output 3: Agriculture Sector Analysis conducted.

The analysis will provide a baseline of the sector, its present contribution to poverty reduction, food and nutrition security, and economic growth among other parameters. It will also address the sector's contribution in terms of equity and inclusive growth and development. The analysis will focus on the main trends and factors that have influenced and affected the sector growth and development.

5.4 Output 4: Ten Years (2024-2034) Agriculture Master Plan Developed

The analysis conducted will be consolidated into Agriculture Master Plan that will provide an evidence-based analysis of the sector, its contribution to poverty reduction, food and nutrition security, gender and social equity, economic growth, and climate effects. The Master Plan will provide investment options for the various Crops value chains which the National and County Governments, development partners, other non-state actors and private sector can invest in.

5.5 Output 5: Investment Plan with commodity value chain "road maps" developed.

A five-year investment plan for priority value chains, chosen through the sector analysis will be developed. The investment plans will be coasted and will include outcomes, objectives, outputs, targets, challenges and opportunities, strategic actions, recommended technology options, policy interventions among others.

6. QUALIFICATION AND EVALUATION CRITERIA

Preliminary Mandatory Requirements

- a) Valid Tax compliance certificate from Kenya Revenue Authority (KRA)
- b) Copy of Business Registration/Certificate of incorporation
- c) Valid trading license/Business permit
- d) CR12 for limited companies issued within the last one year and the list of Directors and shareholding & copies of Identification Cards (ID) for the listed Directors.
- e) Provide evidence of experience in providing services (a minimum of 2) of similar nature, complexity, and magnitude within the last five (5) years.
- f) Demonstrate financial and organizational strength by attaching audited accounts for the last two (2) years.
- g) Demonstrate the ability, capacity, and experience to undertake the assignment.
- h) Provide signed Curriculum Vitae of at least five (5) personnel with capacity to undertake the assignment.
- i) Submission of one original tender document and one copy of the same..

This EOI is also available in the Government of Kenya Tender Portal www.tenders.go.ke and in the Ministry's website www.kilimo.go.ke.

7. EOI SUBMISSION

Completed Expression of Interest (EOI) documents are to be enclosed in plain sealed envelopes clearly marked "**EOI FOR CONSULTANCY SERVICES TO DEVELOP AGRICULTURE MASTER PLAN**". The completed tender documents should be posted to reach the address shown below on or before **6th December, 2023 at 11:00 am** or placed in the Tender Box situated at the Main Reception, Kilimo House, Cathedral Road on or before the said date and time. Expressions of Interest can be submitted to:

Ministry of Agriculture and Livestock Development

State Department for Agriculture

P. O. Box 30028 - 00100

NAIROBI, KENYA

Email: tenders@kilimo.go.ke

Website: <https://kilimo.go.ke/>

the tenders will be opened immediately thereafter, in the presence of the candidates or their designated representatives who choose to attend at **kilimo house cathedral road, ASCU boardroom upper floor**.

 REPUBLIC OF KENYA

KENYA WILDLIFE SERVICE 

INVITATION TO TENDER

Kenya Wildlife Service invites interested and eligible national candidates to tender for the following:

No.	Tender Reference No.	Tender Name	Eligibility	BID SECURITY
1.	KWS/ONT/B&F/52/2023-2024	Construction of 21km of Lariak Forest Electric Fence and Associated Works In Laikipia County (Full Contract)	Open To All	1,000,000
2.	KWS/ONT/B&F/53/2023-2024	Construction of 30km Athi Muange Electric Fence and Associated Works in Makueni County (Full Contract)	Open To All	1,000,000
3.	KWS/EOL/B&F/55/2023-2024	Request for Expression of Interest for Provision of Consultancy Services for Development of Nairobi Ivory Memorial Park and Museum at Nairobi National Park	Open To All	N/A

Tender documents containing detailed specifications and requirements can be downloaded for free from KWS website; www.kws.go.ke/. And at Public Procurement Information Portal; [https://www.tenders.go.ke/website](https://www.tenders.go.ke/). Interested candidates may seek further information from the **Procurement office, Kenya Wildlife Service, Headquarters between 8am to 5pm during weekdays, Tel. 020-2379407-15 Cell: 0726610508/9, or email: hps@kws.go.ke.**

All clarifications and /or amendments will be published in the KWS website and tenderers are required to check for any addendums or amendments in the course of the bidding period prior to the closing date

There shall be a Site visit for **Tender No. KWS/ONT/B&F/52/2023-2024 on Tuesday 28th November 2023** and **Tender No. KWS/ONT/B&F/53/2023-2024 on Friday 1st December 2023 starting at 10:00A.M**

The completed bids in plain sealed envelope marked with tender reference number and tender name, shall be deposited into the Tender Box located at the entrance of **Main Reception, KWS Headquarters, Langata Road P.O. Box 40241, Nairobi** on or before **7th December 2023 at 12:00 Noon**. The tenders shall be opened immediately thereafter in the presence of bidders' representatives who wish to attend at KWS Vet Board Room.

Further information is available at www.kws.go.ke and PPIP portal; <https://www.tenders.go.ke/website>

Director General 

 **MINISTRY OF INVESTMENTS, TRADE AND INDUSTRY**
State Department for Industry

PUBLIC PARTICIPATION AND REQUEST FOR SUBMISSION OF MEMORANDA: THE KENYA QUALITY POLICY, 2023

The State Department for Industry is established under Executive Order No. 1 of January 2023. It is placed under the Ministry of Investments, Trade, and Industry. It has the responsibility of Industrial policy planning; overseeing the growth, development, and regulation of the Manufacturing and Industrial sectors.

In furtherance of its mandate, the State Department has developed the Draft Kenya Quality Policy, 2023 which seeks to govern implementation of standardization, metrology, accreditation, and conformity assessment. The policy's objective is to reduce the effect of technical barriers on trade, support effective operation of domestic markets and support Kenya's conformity to internationally recognized standards.

In line with the constitutional imperative of ensuring wide consultations through public participation, the State Department of Industry invites institutions, organizations and individuals to submit their comments on the **Draft Kenya Quality Policy, 2023. The policy and the comments/Memoranda submission template** are hosted for public access on the State Department of Industry's website <https://www.industrialization.go.ke/index.php> Kenya Accreditation Service Website: <https://www.kenas.go.ke/> and Kenya Bureau of Standards Website: <https://www.kebs.org/>.

Comments and/or Memoranda may be hand delivered to the following address within working hours, or sent to the email address provided hereunder;

**The Principal Secretary
State Department for Industry
Social Security House, Block A, 23rd Floor.
ps@industrialization.go.ke**

This call for written submissions on the prescribed template will run for **21 days** from **21st November 2023 to 13th December 2023**.

 REPUBLIC OF KENYA

 CENTRAL RIFT VALLEY WATER WORKS DEVELOPMENT AGENCY

 german cooperation DEUTSCHE ZUSAMMENARBEIT

KFW

CENTRAL RIFT VALLEY WATER WORKS DEVELOPMENT AGENCY LAKE NAKURU BIODIVERSITY CONSERVATION PROJECT

Lot 1- Construction of Njoro Wastewater Treatment Plant

CONSTRUCTION	
Njoro Wastewater Treatment Plant	
Country	Kenya
Project Ref No:	34537
Procurement Ref No:	510536
PREQUALIFICATION	
Subject:	International Open Tender for Lake Nakuru Biodiversity Conservation Project: Lot 1-Construction of Njoro Wastewater Treatment Plant
Tender No:	CRVWWDA/KfW/LNBCP/NTP/LOT1/2023-2024
Project Executing Agency	Central Rift Valley Water Works Development Agency (CRVWWDA)
Contractual framework	FIDIC Pink Book
Closing Date:	22nd December 2023 at 1100Hrs East African Time

Project measures:

1. The Government of the Republic of Kenya (GoK) has received financing from the German Development Bank (KfW) towards the cost of the Lake Nakuru Biodiversity Conservation Project.
2. The project focuses on improving the conditions of the water supply, sewerage systems and wastewater treatment in Nakuru city. This includes increasing the water supply through new boreholes, optimizing existing ones, and improving the surface water intake. To enhance water transmission, new transmission mains and a reservoir will be constructed. The sewer network will be expanded and rehabilitated to handle more wastewater flow to Njoro wastewater treatment plant. Investments will also be made in a wastewater transfer station and a smaller pump station to convey wastewater to the treatment plant.
3. Lot 1 of the Lake Nakuru Biodiversity Conservation Project is the construction of Njoro wastewater treatment plant. Measures within this lot include: new pretreatment works with 60,000 m³/day capacity; new primary treatment of four earth embankment anaerobic ponds each with a capacity of 10,000 m³/day; new secondary treatment consisting of two reinforced concrete trickling filters with a capacity of 10,000 m³/day each and two reinforced concrete intermediate clarifiers each of 10,000 m³/day; new tertiary treatment of six earth embankment maturation ponds with a wet volume of 35,000 m³. Effluent outfall works of (450 m concrete pipe) and new sludge drying beds and disposal lagoons.
4. The Central Rift Valley Water Works Development Agency (CRVWWDA) now invites eligible civil engineering construction companies to submit their Prequalification Applications in order to be considered for the execution of these Works.
5. Applicants are required to complete the Prequalification Application and demonstrate that they are qualified to perform the services, by fulfilling criteria related to financial capabilities, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc. To be considered for prequalification, Applicants must demonstrate that they have achieved a **minimum annual construction turnover of EUR 12,000,000** (twelve million euros), for the **last five (5) years**, calculated as total certified annual payments received for contracts in progress and/or completed.
6. A firm may apply for prequalification both individually and as part of a JV to enhance their qualifications.
7. This Prequalification for Construction of the Works will be guided by the latest version of the KfW's "**Guidelines for the Procurement of Consulting Services, Works, Plant, Goods and Non-Consulting Services in Financial Cooperation with Partners**" (see webpage of KfW: www.kfw-entwicklungsbank.de).
8. The Executing Agency is under no obligation to shortlist any firm or Joint Venture that submits a Prequalification Application. Should the Tender be cancelled, Applicants are not entitled to any compensation, nor will any reasons be given for the cancellation.
9. The Prequalification Document is available free of charge from the CRVWWDA website <https://tenders.crvwwda.go.ke/> and at the PPIP portal www.tenders.go.ke. Bidders are encouraged to download the Prequalification Document to minimize physical visits to the CRVWWDA Head Office.
10. For purposes of communication during the preparation of Prequalification application, a Firm/Joint Venture/Association intending to submit application **shall be required to pre-register its intent by an-email communication to the Employer** through the addresses indicated: info@crvwwda.go.ke, CC: procurement@crvwwda.go.ke
11. The Pre-registration email in 10 above shall clearly indicate the name of the firm (**or one of the firms for JV or Association**), name, position, e-mail and telephone contact of its contact persons. In case of a joint venture or association, at least one of the firms is required to pre-register the interest of the JV or Association
12. Applicants may obtain further information at the address and e-mails given and to the attention of the officer provided in the prequalification document during office hours (**weekdays from 8h00 to 17h00 EAT, excluding public holidays**):

Chief Executive Officer
Central Rift Valley Water Works Development Agency
Maji Plaza, Prison Road, Off Nakuru - Eldama Ravine Highway,
P.O Box 2451-20100
Nakuru, Kenya

Electronic mail address: info@crvwwda.go.ke, CC: procurement@crvwwda.go.ke

The Prequalification Application shall be clearly marked with the following:
**"Prequalification Application for: Lake Nakuru Biodiversity Conservation Project
Procurement of Lot 1 - Construction of Njoro Wastewater Treatment Plant"**

and must be delivered physically to the address below and to the attention of the officer provided in the prequalification document on or before **Friday, 22nd December 2023 at 1100Hrs East African Time**. Electronically submission is not an option.

**Central Rift Valley Water Works Development Agency
Supply Chain Management Division**
Maji Plaza, Prison Road, Off Nakuru - Eldama Ravine Highway
P.O Box 2451-20100
Nakuru, Kenya

The expected Application closing date is on **Friday, 22nd December 2023 at 1110 Hrs East African Time**. All interested bidders are required to continually check the Central Rift Valley Water Works Development Agency website: <https://tenders.crvwwda.go.ke/> and at the PPIP portal www.tenders.go.ke. for any tender addendums or clarifications that may arise before the submission date.

CS-Ministry to collaborate with IYF to nurture, develop technical skills for Youth

CONTINUED FROM PAGE 18

a positive contribution to the world. This aligns seamlessly with Kenya's hosting of the 6th Youth Connect Africa Summit in December 2023 under the theme of "Youth innovating a Borderless African Renaissance", the CS added.

He further said, "I express gratitude for the Fellowship's boundless generosity,

which knows no borders. The training of all Regional Coordinators from the State Department of Youth Affairs and Creative Economy in mind education in the October 2023 was remarkable and the synergy created through networking with the Regional Coordinators of IYF has created a remarkable impact of IYF Academy classes through

launching in over 50 branches nationwide whose results will be far-reaching. As we anticipate the expansion of classes in January, we also look forward to nurturing the talents and skills of graduating students who will, in turn, become trainers and mentors."

He said the timing of the addition of courses and the opening of more branches

by IYF aligns with his ministry's transition from the Kenya Youth Employment and Opportunities Programme (KYEOP) to the National Youth Opportunities Towards Advancement Project (NYOTA).

This transition, the CS noted, provides an ideal platform for identifying, nurturing, and developing talents

among vulnerable youths across the country through various skills training programs. Looking ahead, we aspire to strengthen our partnership, particularly in realizing the goals of our Talanta Hela initiative during the upcoming season 5.

He also urged stakeholders in the youth sector to also acknowledge the transformative work IYF continues to do in empowering the youth and expressed his ministry's commitment to remain a steadfast partner, intentional in

supporting and collaborating with IYF in their mission to forge a brighter future for the youth.

"Together, we will focus on initiatives that empower our young people economically, whether through skills development, entrepreneurship programs, or leveraging the power of social media. We are resolute in providing opportunities for our youth to thrive and succeed, recognizing that they are the key to the progress of our nation" the CS said.

INVITATION TO SUBMIT PROPOSALS

REPUBLIC OF KENYA

INVITATION TO SUBMIT PROPOSALS

CONTINUOUS ONBOARDING OF STRATEGIC INVESTORS (SUB DEVELOPERS AND INDIVIDUAL MANUFACTURING/ PROCESSING FIRMS) TO THE KENGEN GREEN ENERGY PARK IN OLKARIA, NAIVASHA – KENYA (KGN-COMM-001-2023)

1.0 BACKGROUND INFORMATION

The Government of Kenya launched the Industrial Transformation Programme in July 2015 that provided a framework for the country's industrialization process. A key component of this programme is the setting up of industrial zones and parks. KenGen plans to develop an industrial park dubbed the **KenGen Green Energy Park** at the Olkaria geothermal hub in Naivasha.

KenGen intends to leverage on its Geothermal resources available at Olkaria to establish the Energy Park. The area marked for industrial development is about 342 Hectares (845 acres). The masterplan will accommodate both industrial and non-industrial activities such as Offices, Data Centres, Research & Development Centre, Hospitality, Visitor Experience Centre, Administrative & Commercial uses. Industrial use land has been master-planned targeting Medium/Heavy Industries, Steam Intensive Industries and Light Industries.

The opportunity available is for land lease to investors interested in setting up operations in the master-planned parcel to utilize geothermal steam and/or brine (hot water), raw water and electricity. The Kenya Electricity Generating Company PLC now invites for submission of proposals from interested investors and individual manufacturing/processing firms to lease land and set up at the proposed KenGen Green Energy Park in Olkaria, Naivasha.

2. THE KENGEN GREEN ENERGY PARK

KenGen has completed plans to set up an Energy Park at its geothermal power generation hub at Olkaria, Naivasha, Kenya. KenGen intends to leverage on its Geothermal resources available at Olkaria to establish the Energy Park. The park will provide industrial, commercial and recreational facilities.

The KenGen Green Energy Park is located at Olkaria in Naivasha sub county, 130 Km from Nairobi, the capital city of Kenya. The Energy Park will be accessed both by Railway and Road to major seaport and airports and supported with the necessary logistical installations. The investment opportunities available at the KenGen Energy Park include the following:

- a) Medium and heavy industries – manufacturing plants and factories
- b) Steam intensive industries- pulp and paper, wood and wood products, textiles and apparel, food and beverages, leather industries.
- c) Light industries- warehousing and logistics and supporting light industries.

3. KEY OFFERINGS FOR THE KenGen GREEN ENERGY PARK

a) Location

- i. Green Renewable Electricity from Geothermal
- ii. Geothermal steam, brine and hot water
- iii. Connectivity & Logistics - Proximity to key transport connections and/or connectivity (roads, airstrip, rail, ports, airports, etc.) as well as logistics/supply hubs and corridors.
- iv. Urban Centres - Proximity or connectivity to residential centres or urban settlements.

b) Business Environment

- i. Access to an adequately skilled and productive workforce – Greatly urbanized with competitive labour and skills.
- ii. Development of Industrial Clusters - Creation of industrial clusters and synergies between different tenant companies operating in complementary and ancillary sectors to support the creation of a symbiotic ecosystem
- iii. SEZ – Special Economic Zone (SEZ) status to facilitate business through attractive administrative and tax incentives to improve competitiveness for tenants over the longer term to target export-oriented activities.
- iv. Availability of business services – one-GO shop and customs clearances where all licenses and business permits required

for operation are housed in one building for ease of setting up.

- v. Adequate lease periods for both tenants and developers – lease period of up to 20 years which is renewable.

c) Core Services

- i. Land - Flexible options to rent land on a long- or short-term lease.
- ii. Access to high quality reliable utilities enabling uninterrupted and stable production - Competitive utilities costs, especially power, access to brine and steam for heat/steam intensive industries, water available from on-site reservoirs and wastewater treatment infrastructure.
- iii. Waste Management - Waste collection and management services

4. INVESTORS' SCOPE OF WORKS

The scope of works by the strategic investors shall include but not limited to the following:

- a) Lease land from KenGen
- b) Civil works for levelling of site and perimeter fence.
- c) Construction of own factory buildings/sheds, sewerage system and waste water disposal systems.
- d) Connection of steam, brine and raw water to sheds from the interface to be agreed with successful firm(s).
- e) Connection of power from agreed interface point.
- f) Installation of own-water treatment plant.
- g) Conduct operation and maintenance of its facilities.
- h) Any other on-site infrastructure required.

5. EVALUATION OF PROPOSALS

KenGen shall establish an ad hoc Evaluation Committee who will be responsible for reviewing and evaluating the Application Forms.

All the interested investors from the engagements above shall be evaluated for 'capacity for investment' on standard criteria.

Power generation, fertilizer production and/or hydrogen production are **NOT ACCEPTED** within the Green Energy Park.

a) Documents to be submitted.

The following documents are MANDATORY and must be submitted as part of the proposal:

Capability statement of the firm showing:

- i. Certificate of incorporation in the area of jurisdiction (and any certificate of change of name).
- ii. Tax compliance certificate or its equivalent
- iii. Letter of association in case of joint ventures or consortium indicating the proposed members, proposed leader and the roles of each member. (Note: During negotiations a duly registered Power of Attorney of the lead partner shall be required).
- iv. Company profile of the firm showing background of the firm and management structure, development operation of similar nature within the last 5 years indicating location, size, funding structures and output/turnover in USD.
- v. Details of the proposed investment proposal.
- vi. Details of experience in emerging economies.
- vii. List of Key Personnel (Management/ Operation) of the company relevant to the proposed investment.
- viii. Audited financial statements for the last 3 years including, tax registration and tax compliance certificates or equivalent documents applicable in the applicant's country of origin.
- ix. Contact information - Contact Person, Designation, contact Number and email.

The following technical information will be required where applicable.

ITEM	REQUIREMENT	UNITS
Power / electricity		Megawatts Hour
Land		Hectares
Steam		Tonnes / Annum
Brine		Tonnes / Annum
Raw water		m ³ / Annum
Steam Pressure required:	Bar	
Duration required to commence operations after contract signing:	Months	

Note:

- 1. The minimum monthly power consumption will be computed from a load factor of 60% of the investor's indicated power requirement.
- 2. A performance security instrument based on the investor's requested power requirement shall be provided before contract signing. The performance instrument shall be an equivalent of 60% of 3 months power consumption.

b) Onboarding Process/Selection Criteria

Upon successful submission the prospective investor shall be issued with a unique system generated registration number. The registration number will be used in sequencing the site visit and subsequent contract negotiation. The continuous onboarding process/Selection criteria is as follows.

- 1. The Prospective investor will submit formal application through the dedicated portal.
- 2. The Portal will conduct a systematic examination of Mandatory requirements submitted. The proposals that meet the minimum requirements will be assigned a unique system generated registration number.
- 3. The proposal/s received will be evaluated to determine capacity of the investor/s to undertake proposed investment.
- 4. Successful applicant/s will be invited for a site visit to the Green Energy Park to identify prospects as proposed.
- 5. The successful applicant will be invited to formal negotiation after the site visit
- 6. Parties will formally agree on the proposal and sign off minutes.
- 7. KenGen issues letter of intention to enter contract with successful applicant.
- 8. The Strategic Investor will issue acceptance letter and submit Performance Guarantee for the agreed value issued by a Bank registered and regulated by Central Bank of Kenya.
- 9. Parties will execute the contract.

NB. Any investor who fails at any stage is allowed to reapply afresh for consideration as per the procedure above. This process will be continuous until full tenancy is achieved.

6. CONTRACT EXECUTION

KenGen shall subsequently enter into Implementation Agreements on successfully concluded negotiations. Investment proposals received shall be considered on a first come basis.

7. FORM OF APPLICATION

The form of application will be provided through a dedicated Portal on the company's website. The link: <https://gep.kengen.co.ke> has the form for application. The prospective investors are encouraged to continuously check the portal for updates. For any clarification, kindly send e-mail to tenders@kengen.co.ke and IOF@kengen.co.ke.

KENYA INNOVATION WEEK 2023 COMMONWEALTH EDITION

INNOVATING TO UNLOCK OUR COMMON WEALTH

27 NOVEMBER – 1 DECEMBER 2023

THE EDGE CONVENTION CENTRE
NAIROBI, KENYA

Kenya Innovation Week 2023 energized by partnership with the Commonwealth Secretariat

The Government of Kenya, through the Kenya National Innovation Agency (KeNIA), Ministry of Youth Affairs, Creative Economy and Sports, yearly convenes an innovation week in December where relevant stakeholders including government, innovators, start-ups, investors, development partners, civil society, media, and the private sector among others gather to promote and advance innovation in the country and the region.

The past two annual innovation weeks have convened over 7,000 delegates from across the globe and attracted participation from over 70 countries. By bringing diverse individuals and institutions together, the forum nurtures synergies and raises awareness on innovation as a catalyst for economic growth.

Kenya Innovation Week 2023 – Commonwealth Edition, which will be held in Nairobi from 27 November to 1 December 2023, will this year include leadership from Commonwealth countries, Commonwealth government officials, business and academic representatives, as well as a delegation from the Commonwealth Secretariat, led by the Secretary-General of the Commonwealth the Rt Hon. Patricia Scotland KC. In the event over 500 exhibitors are expected to showcase their work

H.E. Hon. William Samoei Ruto, PhD, C.G.H.
President of the Republic of Kenya

They will gather for the inaugural Commonwealth edition of the event, which is this year themed 'Innovating to Unlock Our Common Wealth'. Kenya Innovation Week 2023 – Commonwealth Edition to be held at the Edge Convention Centre will explore the Commonwealth innovation system's key actors, linkages, potential for growth, challenges, and existing opportunities for innovators. Kenya's 10-year Innovation Masterplan will also be launched during the week.

President of the Republic of Kenya, H.E. Hon. William Ruto, welcomed participation in the week's activities, saying it would celebrate Commonwealth ingenuity and growth. He said:

"The event will not only shed light on the brilliant innovations coming out of Kenya but will also highlight the Commonwealth innovation system's key actors and their linkages, potential for growth, challenges, and existing opportunities for innovators.

"I am especially delighted to welcome Commonwealth countries to Kenya, to join us as we advance the potential that exists to facilitate our collective achievement of the 2030 Agenda for Sustainable Development through innovation."

One of the highlights of the week's activities will be the announcement of the winners of the Secretary-General's Innovation for Sustainable Development Awards. Each award winner will receive a trophy, a certificate and prize money of £3,000. Award winners will also receive ongoing support for their work and the opportunity to participate in high-level forums.

The Presidential Innovation Award (PIA) is a module of the Talanta Hela programme run by the Ministry of Youth Affairs, Creative Economy and Sports that intends to develop the entrepreneurial capacity of innovators across the country. The finalists of the Presidential Innovation Award will be pitching at the Kenya Innovation Week and will get recognition awards during the Jamhuri Day Celebrations. Winners of will receive prize money in grants as business support.

Delegates and exhibitors are invited to register to participate via kenyainnovationweek.com

"Investment in innovation will result in a more prosperous, more equitable and more resilient society for all. With the advent of tools that are cheaper, easier to access and scalable, Africa must maintain or accelerate momentum.
"There is already great progress, tremendous talent and solid innovation evident across the continent. But we can and should do more and the Secretariat will create opportunities for you to do so." – The Rt Hon Patricia Scotland KC, Secretary-General of the Commonwealth

There are also other opportunities to hone and harness the skills of citizens from Commonwealth countries. For example, applications are now open for the prestigious Commonwealth Africa Cyber Fellowship programme.

The fellowship will help cybersecurity experts from Commonwealth countries in Africa to exchange knowledge, foster partnerships and influence the policy work of the Commonwealth Secretariat. Applications are open until 10 December 2023.

The five-day Kenya Innovation Week will include thematic summits, panel discussions, keynote addresses, fireside chats, workshops, and networking events. There will also be exhibitions from different participating organisations, groups and countries throughout the event.

Commonwealth activities include a Ministerial Roundtable Discussion on Science, Technology and Innovation, as well as participation from the Commonwealth Youth Council and the Commonwealth Businesswomen's Network.

Innovation as a platform for development is being interwoven into work being done by all teams within the Commonwealth Secretariat, and beneficial collaborations with partner organisations continue to be actively pursued.

About Kenya National Innovation Agency

With the vision of being a key enabler of socio-economic development through innovation, KeNIA was set up to develop and manage the national innovation system.

The Kenya National Innovation Agency (KeNIA) is a State Corporation established under the Science, Technology and Innovation (STI) Act, No. 28 of 2013 under the Ministry of Education. The core mandate of the Agency is to develop and manage the National Innovation System. The Agency is therefore responsible for co-ordination, promotion and regulation of the National Innovation System.

State ramps up wildlife monitoring in all parks amid El-Nino rainfall threat

BY ERASTUS GICHOHI(KNA)

The Government, through the Wildlife Training and Research Institute (WRTI), has intensified monitoring systems across game parks in the country to mitigate the potential loss of wild animals due to El Nino rainfall.

According to Dr. Patrick Omondi, the institute's director, there have been no recorded wildlife deaths as a direct result of the ongoing rains.

However, monitoring systems have been implemented amid concerns that flooding may adversely affect old, sick, and newborn animals.

Dr. Omondi explained that while wild animals typically instinctively move to higher ground during natural calamities, institute researchers have activated monitoring protocols to document the impact of the ongoing El Nino rains on wildlife.

The heavy rains, currently affecting various parts of the country, have tragically resulted in the deaths of 46 individuals, according to data from the Kenya Red Cross, following floods in several

areas.

Speaking at the Naivasha Wildlife Sanctuary, where he led staff in planting over 5,000 trees, Dr. Omondi highlighted that institute researchers are actively studying effective methods to control and eradicate the menace of deadly invasive tree species in game parks and wildlife sanctuaries.

"We have activated the Invasive Species Control Programme within the Naivasha Sanctuary that seeks to root out invasive tree species such as cactus and solanum through mechanical, biological and chemical means in the five years," said Dr. Omondi.

Consequently, Dr. Omondi said the program will also be rolled out in other game parks and sanctuaries where invasive tree species are rampant to save the much-needed pastures and habitats for animals.

In addition, he said the institute's expansive 1,000-acre sanctuary will be opened to members of the public for hiking, camping, and recreation activities and boost its revenue streams.

BRIEFS

Kenya Wildlife Service declares war on illegal fishing in Lake Nakuru

The Kenya Wildlife Service (KWS) has pledged to intensify efforts to combat illegal fishing in Lake Nakuru, aiming to mitigate the increasing instances of human-wildlife conflict that have claimed numerous lives in the region. Mr. Joseph Dadacha, the Senior Assistant Director in charge of the Central Rift Conservation Area at KWS, issued a stern warning against this illegal practice, emphasizing its growing threat to both humans and wildlife. The Assistant Director noted that, due to the rising waters of the lake, locals have transformed Mwariki and Baruti locations within Nakuru Town West Sub-County into fishing grounds. Here, illegal fishermen employ ingenious methods and illicit fishing gadgets to carry out their trade indiscriminately, often during dawn or at night. "We will take immediate action to apprehend illegal fishermen around the lake, prosecute them, and destroy their fishing gear," warned Mr. Dadacha. He affirmed KWS's commitment to eradicating challenges such as human-wildlife conflict. The crackdown on illegal fishing is part of KWS's broader efforts to ensure the safety of both humans and wildlife in the area. The Assistant Director made the remarks when KWS released over 150 boats and engines that had been impounded after their owners were nabbed for engaging in illegal fishing at Lake Nakuru National Park. The release of the fishing equipment was brokered by Governor Susan Kihika and Naivasha Member of Parliament Ms Jayne Kihara. Lake Nakuru hosts the world-renowned Lake Nakuru National Park which is home to wildlife including gazelles, baboons, zebras and leopards. By Esther Mwangi (KNA)

Check for unclaimed assets and reclaim your share, UFAA urges Kenyans

Unclaimed Financial Assets Authority (UFAA) is currently holding more than Sh. 50 billion of unclaimed financial assets for Kenyans, whether they are living or deceased. This comprises Sh. 31 billion in cash and 1.2 billion units of shares valued at approximately Sh. 28 billion.

UFAA Chairman Dr. Francis Kigo Njenga said records with UFAA indicate that 21 million Kenyans, whether alive or deceased, have unclaimed assets, including money and shares turned over to the Authority by government institutions, banking institutions, mobile service providers, religious organizations, and cooperative societies, among others.

"Most Kenyans might have unclaimed assets but are not aware or have totally forgotten about them. We, therefore, urge all Kenyans to check with UFAA through Huduma centres, or through their short code *361#, or the authority's website www.ufaa.go.ke and confirm if they or their relatives have any unclaimed assets," advised the chairman.

"Wetlands are amongst the most productive ecosystems on earth. They filter water, store carbon, regulate floods and control soil erosion," the CEO said.

He disclosed that accelerated efforts to conserve and restore wetlands are crucial as the triple planetary crisis of climate change, nature and biodiversity loss and pollution and waste, is amplifying the effects of wetland degradation.

He said that wetlands act as sponges, absorbing excess storm water from heavy rainfall, thereby providing flow regulation, flood control and preventing soil erosion.

Authority targets vulnerable zones for protection in water security initiative

BY YOBESH ONWONG'A
 (MYGOV)

The Water Resources Authority (WRA) has identified additional zones for gazetttement as fragile and vulnerable catchment areas to protect, aiming to alleviate the overload that threatens the country's water security and transform it into a green economy.

Speaking to MyGov, Mohamed Shurie, CEO of WRA, stated that the authority has singled out Marura (Ewaso Narok) Swamp, Mangoo Swamp, Kabeere Springs, Kajulu Hills catchment, Lake Ol Bolossat, Karai Wetland, Lari Swamp, and Mwangea Hills catchment for gazetttement as protected areas for groundwater conservation.

Shurie emphasized that gazetttement is crucial to ensure the wise use and sustainable management of wetlands, enhancing the

sustenance of ecological and socio-economic functions for the benefit of present and future generations.

The CEO said wetlands are essential in providing a variety of ecosystem goods and services such as clean water for drinking, water for agriculture, cooling water for the energy sector, regulating water quantity and supporting

biological diversity.

He pointed out that the government-backed national tree planting day helped plug the country's quest to increase forest cover, protect wetlands, curb riparian land encroachment, conserve coastal ecosystems and mitigate climate change crisis.

Shurie observed that Kenya has been experiencing many

challenges affecting the wetland ecosystem, which vary from human-induced to natural causes with lots of concerns raised over the current overload of wetlands that threaten the country's water security.

He disclosed that accelerated efforts to conserve and restore wetlands are crucial as the triple planetary crisis of climate change, nature and biodiversity loss and pollution and waste, is amplifying the effects of wetland degradation.

"Wetlands are amongst the most productive ecosystems on earth. They filter water, store carbon, regulate floods and control soil erosion," the CEO said.
